VOL. 2, NO. 87 PHONE BADGER 2200 MADISON, WIS., MONDAY, SEPTEMBER 23, 1918 HOME EDITION PRICE TWO CENTS

25,000 TURKS TAKEN IN PALESTINE

GERMANY HAS LEAGUE OF NATIONS PLAN

OUTLINES WAY TO PEACE IN DOCUMENT

Suggests United States, France, Britain, Russia and Germany Join

TAKEN FROM BOOK

Organization Would Guarantee Territorial Possessions of States

(By the Associated Press)

AMSTERDAM—A draft of a constitution for a league of nations, worked out in detail by Mathias Erzberger, clerical member of the German Reichstag, is published in the Vossische Zeitung of Berlin. It is taken from a book entitled "The league of nations; the way to peace," which Erzberger soon will publish.

The first section of this constitution dealing with the organization of such a league, says "Any sovereign state can enter the league which shall be considered to have been formed when the following powers are among those who have announced adherence to Germany, Great Britain, France, United States and Russia."

Hague Seat of League.

The Hague would be the seat of the league and there the international bureau would conduct its business. Each state, with the approval of its parliament, would appoint one delegate. The international bureau would be controlled by a permanent administration council consisting of the representatives of the federated powers with the Dutch foreign minister as chairman.

Dealing with fundamental laws, the second section says:

"The league shall guarantee the territorial possessions of each federated state as well as undisturbed possession of colonies.

"Each state would be independent in the conduct of its internal and foreign affairs within the limits of the league's constitution.

"States whose governments with the consent of their parliaments declare their permanent neutralization

RAIL CONTROL WILL BE ISSUE

[illegible] President Says [illegible] Will be Political Problem

MILWAUKEE—"The disposition of the railroads is certain to become one of the great political questions [illegible] the close of the war, but [illegible] is almost certain and that [illegible] management will never [illegible] back to the old chaotic, [illegible] pre-war character," said [illegible] Eikenberry, president of the [illegible] Dealers' National association, at the evening session today of the [illegible] annual meeting during the course of his address.

The statement followed a reference to the present administration of the railroads of the country. [illegible] Eikenberry paid a warm [illegible] Herbert C. Hoover, food [illegible] and spoke of the co-[illegible] by the grain trade with [illegible] administration.

DEATH OF MOTHER CALLS TRUMBOWER

State Railroad Commissioner Trumbower has been called to Cop[illegible], Penn., on account of the death of his mother. Mr. Trumbower received a telegram Saturday announcing the death and left immediately for his old home.

PAROLE MEETING TO BE HELD SATURDAY

The state board of control will hold a parole meeting at Waupun on Saturday. About 50 applications for parole have been filed with the board. After the meeting the state board of control will go to Price county to inspect sites for the proposed county asylum there.

HOHENZOLLERN STATUE TO JOIN SCHILLER AND GOETHE IN MELTING POT

(By the Associated Press)

GENEVA (Friday)— Owing to general indignation among the civilian population of Germany because of the melting of historic bronze monuments, such as these of Goethe and Schiller, while those of the Hohenzollerns and Hapsburgs were left intact, a new order has been issued, according to reports from Munich, that the Hohenzollern monuments shall be placed in the melting pot. Three Hohenzollern statutes are said to be missing from Berlin, three from Cologne, two from Munich and one each from several towns on the Rhine.

POOLE PRAISED AMIDST RUSSIAN TERROR REIGN

America Protests Wholesale Slaughter of Representative People

WASHINGTON—Stories of the wholesale slaughter of representative people and former officers because they are "dangerous to the Soviet" are told in further accounts reaching the state department today, of the reign of error in Russian cities; against which the American government has called upon all civilized nations to protest.

All persons coming out of Russia are said to bring reports of the existence of appalling conditions. One detail is that the former officers are shot at night in the cellars, the guns being muffled with silencers.

One Peters, head of the Bolsheviki extraordinary commission against counter revolutions, is said to sign death warrants without reading the papers.

The latest reports indicate that the British and French consul generals in Moscow are under arrest in their houses. American Consul General Poole is at liberty and permitted to visit his colleagues. Mr. Poole today reports he is being generally praised for his courageous and vigorous action.

BOND WORKERS' MEETING TONIGHT

Thousand Liberty Loan Boosters Will Get Pep for Big Drive

A thousand Liberty Loan Loan workers, men and women, are expected to assemble at the high school tonight to hear addresses on the plan of campaign and to receive final instructions. The drive starts on September 28.

Victor H. Arnold, city chairman, and Mrs. Walter Ayer, chairman for the women's committee, will preside.

So important to the success of the campaign is this meeting considered that only sickness is deemed justifiable excuse for remaining away.

AUTO INSPECTOR TURNS IN $12,719

Expense to State is About $600, Secretary Reports

One automobile inspector at the expense of about $600, has been able to turn in $12,719 in license money to the office of secretary of state. The last session of the legislature provided for the appointment of inspectors who would travel over the state with the view of finding persons who had not taken out automobile license as required by law. Three inspectors have been busy during the past three months the direct work of one inspector has resulted in nearly $13,000, being turned into the treasury. The reports from the other two inspectors indicate similar amounts. Most of the persons detected were attempting to run machines on old license numbers.

FREAR AFTER SECURITY LEAGUE

Wisconsin Congressman Asks Investigation of National Body

CRITICISES OFFICIALS

Describes Letters Sent to Members of House as Insolent

(By the Associated Press)

WASHINGTON — Investigation by the judiciary committee of the activities of the National Security league was asked today by Representative Frear of Wisconsin, republican, who was attacked by the league during the recent primary campaign in which he was renominated.

Representative prefaced the introduction of a resolution authorizing the inquiry by a speech criticising officials of the league, who include Elihu Root and Alton B. Parker, and describing letters they have sent to members of the house as insolent. Ninety per cent of the members of congress have been branded as disloyal by the league, he charged, and 47 states have been held up as only part loyal. He said members of congress from but one state, Rhode Island, have been given a 100 per cent loyalty rating.

The resolution proposed summoning of the officers of the league for examination concerning contributions to the organization and as to efforts to influence the election of members of congress.

"The days are too critical," Mr. Frear said. "For a war profiteering league to denounce as disloyal practically 90 per cent of the membership of this house and forty seven of the forty eight states. That charge against the president would lodge the slanderers in Leavenworth; against the supreme court it would mean criminal contempt proceedings. Directed against a coordinate branch of the government during these hours of national stress and peril, it invites active proceedings by the attorney general's department."

DIVORCE GRANTED MRS. ANNA HAULLER

Wins Decree on Ggrounds of Desertion and Creulty; Keeps Children

Mrs. Anna Hauller of Madison was today granted a decree of divorce from Frederick Hauller and given the custody of their child and an adopted child by Judge Hoppmann in superior court. Suit was brought on the ground of desertion and cruelty.

OSHKOSH GAS HEARING OCT. 17

The railroad commission today fixed Oct. 17 as the date for the hearing on the application of the Oshkosh Gas company for an increase of rates. The hearing will be held at Madison at 10 a. m. A complaint for an increase of rates was received at the railroad commission Saturday afternoon. It is signed by Edgar Sawyer, as president. It declares that an emmergency increase of rates is necessary on account of the increase of expenses for coal and labor.

DAILY WEATHER STORY

The highest temperature reached during the 24 hours ending at 9 a. m. today was 66 at 4 p. m. Lowest, 49 at 6 a. m. Precipitation 0. The sun sets at 6:54 p. m.

High barometer and fair cool weather continue in the eastern and southern states. Low barometer in the west is advancing from the Rocky mountains to the plains and is causing southerly winds and rising temperature on the plains and in the central valley, northerly winds, rain and colder weather in the plateau region. It will cause showers in this vicinity by Tuesday.

WOMEN SHOP WORKERS GIVEN U. S. HEARING

War Board Official Examines Three in Madison-Kipp Case

Complaints of alleged discrimination against employees of the Madison-Kipp company who testified at the hearing of the war board examiners recently held here were heard this morning before Theodore Bland, a war board examiner. Mr. Bland came here following complaints sent to Washington that witnesses at the hearing had been discharged from employment.

At the hearing this morning W. H. Spohn and Paul C. Huybrecht represented the employees while Attorney H. L. Butler and Thomas Coleman represented the Madison-Kipp company.

Three former employes were called. They were Mrs. Olive Morris, Mrs. Alice Witz and Mrs. Kate Sheldon.

Calls Attention to Promise.

In his preliminary remarks Mr. Bland called attention to the promise made by employers that no employloye would be discriminated against because of any testimony formerly given.

Mrs. Morris said that she testified at the former hearing. Two weeks later, Mrs. Morris said, pay checks were brought to herself and Mrs. Witz and they were told that other arrangements were made for their work. Mrs. Morris said that they then went to Mr. Baker, the superintendent, and asked the reason for the move. To this, according to Mrs. Morris, Baker replied:

"I don't know of any reason. I simply have to get somebody else in your place."

Mrs. Morris said that the statement was made that "Mr. Baker had always acted as a gentleman until you tried to ruin it" referring to testimony given by Mrs. Morris at the former hearing as to the manner in which employees had been treated.

Mrs. Morris stated that after being discharged she applied for work at the Gisholt and Steinle plants. Mrs. Morris said that she was told at the Steinle plant "that we would rather have women who have not worked at other plants and break them in ourselves."

She said she was told at both plants that they would not hire any more women for some time. "Since I put in my application I know that five women have gone to work at Steinle's and one at the Gisholt," she said.

Receipts 20 Cents An Hour

She said that she obtained work at the French Battery and Carbon company last week and that she is receiving 20 cents an hour.

Mrs. Witz told practically the same story told by Mrs. Morris. She also applied at Steinle's and the Gisholt and was told that they didn't expect to employ women for a long time.

Mrs. Witz asked if they had been discharged at the Madison-Kipp because there was no work to do.

"We were discharged at noon and at 1 o'clock there were two other women in our places," she said.

Mrs. Kate Sheldon stated that she had not been able to make as much money at the Madison-Kipp after the war board hearing as before the hearing. She told of having signed an affidavit retracting some testimony given at the former hearing and stated that she regretted having signed this statement.

GERMAN GRAVE YARD IS "WHITE ELEPHANT" IN AMERICAN HANDS

WITH THE AMERICAN ARMY ON THE LORRAINE FRONT (Friday)—Speculation is rife in the American army as to what will be the disposition of the German grave yard found just northeast of St Mihiel, which may easily be considered offensive to the French.

The chief reason for this is that all the German graves have been surmounted by elaborate marble or granite headstones bearing prominently the iron cross and eulogistic inscriptions concerning the heroic deeds of the invaders. There are some 30 graves in all.

The cemetery is the last resting place of members of the 130th Royal Bavarian infantry regiment who were killed during their occupation of the St. Mihiel salient.

CRISIS IS HELD PART OF PEACE OFFENSIVE

German Newspapers Not Alarmed by Rumors of Political Change

LONDON—Although reports of a German political crisis arising from the supposed movement for parliamentarization of the government are printed at greater or less length in the papers here, the whole thing is mostly regarded as merely an integral part of the German "peace offensive."

The telegraph discusses the rumors says that this is the eighth political "crisis" in the course of the war, and adds "all of them have left things very much as they were before."

The newspapers generally ignore reports editorially, but the view widely taken is expressed by the Graphic, which describes the discussion now filling German newspapers as a "strategem to lure the allies into making peace by depicting Germany as a democracy." The Graphic believes that the emperor is following the example of some of his Hohenzollern predecessors and is gladly playing his part in "the farce which is about to be re-staged with the centrist majority and the socialists as joint managers." The inwardness of the move, the newspaper adds, is that Mathias Erzberger hopes, with the help of Philipp Scheidemann, the socialist Leader, and his followers, to oust imperial chancellor von Hertling and secure the center of the stage as peacemaker for Germany.

"Allied democracies are led to believe it will be quite safe to negotiate with a German parliamentary government," the Graphic says. "The whole movement is clearly preparing the way for a resuscitation of the notorious reichstag resolution in revised edition in the hope that the allies have forgotten how completely that sham has been exposed."

Notice to Mail Subscribers:

The War Industries Board has served official notice that from and after October 1st, 1918, "all newspapers must discontinue sending a paper after the date of the expiration of a subscription, unless the subscription is renewed and paid for."

This means that unless your Capital Times is paid for in advance, you will not receive a copy through the mail after October 1st.

As much as we regret the step it is absolutely necessary for us to stop sending the paper after that date. This notice is given at this time so that you will have time to protect your subscription.

The label on your wrapper or front page of paper gives the exact date of your subscription. Look at the orange colored label, see when your paper expires, and send in your check, if in arrears.

U. S. AGENTS KILL ONE OF KRUEGERS

Ennis, Aged 20, Shot to Death in Barn, Near Owen

ALLEGED DRAFT EVADER

Dragnet Closes in on Another Brother Sought by Posse

Ennis Krueger, 20, one of the three Krueger brothers sought by federal agents for evading the draft, was killed in a barn yesterday near Polly, about 25 miles from Owen, by a secret service agent from Montana named Jones. Deputy United States Marshal Lamont received word of the killing last night, but could give only slight details. The body was taken to Owen by Deputy United States Marshal Joseph Gant.

Lamont said he expected to hear before night that Lester Krueger, another of the brothers, had been taken dead or alive. Louis Krueger, the remaining brother, did not participate in the pitched battle that occurred on he Krueger farm near Owen on Sept. 14 between the draft evaders and federal agents, deputy sheriffs and state guards, but was in a different part of the country at the time.

Frank Krueger, the fourth brother, who was shot through both legs when the attack was made on the Krueger home, and Mrs. Krueger, his mother, have been turned over to the authorities of Clark county to be tried for the murder of Harry Jensen, station agent at Withee, who was killed by the first volley from the Krueger home.

RECEIVERSHIP FOR I.O.F. DENIED

Stevens gives Adverse Ruling on Application of Groves and Orvis

Judge E. Ray Stevens in circuit court today denied the application of John W. Groves and W. H. Orvis for a receivership for the supreme lodge of the Independent Order of Foresters.

The complainants sought to have $50,000 in bonds and several thousand dollars in accrued interest placed in the hands of a receiver, pending the determination of the validity of an assessment for 25 percent of the face of all policies made in 1913.

Judge Stevens denied the application on the ground that the complainants showed no right to the fund and could have no claim against it until they are dead, when they will automatically become beneficiaries.

TEN PERCENT OF LOAN DEMANDED

(By the Associated Press)

WASHINGTON — Ten per cent of the fourth liberty loan subscriptions will be required on application instead of five per cent as for past loans, the treasury announced today. Twenty per cent will be due November 1. Twenty per cent December 19; 20 per cent January 16 and thirty per cent January 30.

EGGS COST 24 CENTS APIECE IN MEXICO

(By the Associated Press)

MOBILE, Ala.— Passengers arriving here today from Progreso, Mexico, report that flour is selling there for $2 per pound, eggs 24 cents apiece, young chickens $2.50 each, and ice $60 a ton, with $10 added for delivery.

FINED FOR DRUNKENNESS

W. M. Schiller pleaded guilty to drunkenness today and was fined $5 and costs by Judge Hoppmann in superior court.

A WAR SAVER is a Life SAVER. Buy War-Savings Stamps!

TODAY'S SITUATION

(By the Associated Press)

Disaster threatens the armies of Bulgaria and Turkey on the battlefields of Macedonia and Palestine. Allied forces are pressing with vigor their successful campaigns against the two lesser members of the central powers.

In Palestine General Allenby virtually has wiped out the enemy forces opposing him. He has captured more than 25,000 prisoners and 260 guns, and continues to push forward between the Jordan and the Mediterranean coast.

Allied success in Macedonia have resulted in the driving of a breach between the eastern and western flanks of the German-Bulgarian forces whose main lines of communication have been cut. The Bulgarians are in full retreat between Monastir and the Vardar.

Moving northward with surprising speed and power the allied troops in Palestine seem to have dealt the Turks a blow that may shatter their power in that theatre of the war. So far as reports reflect the situation, the Turks are completely defeated and the March of the British, French and Arabs toward the sea of Tiberius is virtually unopposed. The advance has carried the allies past the village of Nazareth and they are approaching the line of the ancient city of Tyre. To the north is Beyrout, while off to the northwest, 70 miles away is Damascus. These two cities are important centers in this region of the world and their capture would mean the complete disorganization of the Turkish machinery of war over a wide area.

Allied armies are still moving rapidly over the hills of southern Serbia, where for the past week they have smashed the Bulgarian resistance and swept along at a rate which seems to indicate that the Bulgarians have been unable to stabilize their line at any point where defensive warfare might be expected. The Serbians are now east of the Prilep and moving along the Cerna valley steadily. To the east the French have reached the Vardar, seemingly with the intention of assisting the British and Greek armies which are fighting in the Lake Doiran region. Italian units and French will dislocate the entire teutonic allied line in Macedonia and compel a general retirement.

In reaching the Vardar the allied troops also are on the Uskub-Saloniki railroad line, the only railroad over which supplies and reinforcements can be moved to the aid of the Bulgarians around Lake Doiran. It would seem that the cutting of the railway would place the Bulgarians in the Doiran region in a precarious situation. Paris announces also that the Serbians are on the high road from Prilep to the Vardar which is the main supply line of the enemy troops north of Monastir and around Prelep. The allies probably have severed those supply lines. It would that this would compel a general retirement all along the line.

Present operations, both in Palestine and Macedonia may have political results far outweighing the military objectives that may be gained. There have been persistent reports that Bulgaria and Turkey are ready to retire from the war, and the dynastic situation in Bulgaria is said to be such that, with King Ferdinand virtually retired from active administration, sensational developments may come at any time. British and French armies are continuing their attack against the outer defenses of the Hindenburg line north and south of St. Quentin. Notable in the developments on that front during the past couple of days has been the progress of the French toward the range of hills to the west of the Oise river south of St. Quentin. At some points they are in control of ridges which appear to dominate long stretches of the valley to the east, and, in spite of determined counter attacks by the Germans, they are holding the ground they have won.

It would seem that the British have encountered savage resistance north of St. Quentin, after having cut into the Hindenburg positions at two points.

BRITISH WIPE OUT TWO OF FOE'S ARMIES

Shut Off Escape West of the Jordan by Seizure of Crossings

Americans Raid Enemy Lines in St. Mihiel Salient; take Prisoners

(By the Associated Press)

LONDON (4 P. M.)—Twenty-five thousand Turkish prisoners and 260 guns had been counted up to yesterday evening by General Allenby's forces pushing northward though Palestine, according to an official statement issued by the war office.

The war office announcement says that the seventh and eighth Turkish armies have virtually ceased to exist. The entire transport of these two armies was captured by the British.

Seizure by the British of the crossings of the Jordan at Jisr-ed-Dameer on Sunday morning, shut the last avenue of escape to the Turks west of the Jordan.

Escape Shut Off

LONDON—Reports from the Palestine front this afternoon indicate that none of the Turkish force of at least 40,000 men trapped by the British through the seizure of the last of the passages of the Jordan can possibly get away.

Serbs Capture 10,000

LONDON (5 P. M.)—The Serbians have captured between 9,000 and 10,000 prisoners and 120 guns, the Evening Standard says it learns.

WITH THE BRITISH FORCES IN FRANCE (10 a. m.)— In a small attack east of Gavrelle, in the Arras sector, British troops last night advanced their lines for an average depth of 600 yards along a front of 1,100 yards.

Haig's men gained several strong positions in the patches of forest on the high grounds.

British Bomb Metz.

LONDON—Machines of the British independent air force dropped nearly 16 tons of bombs on German airdromes and on blast furnaces in the Metz region on Saturday night, it was officially announced today.

The blast furnaces attacked were those at Hagendingon and Rombach. Four enemy airdromes were bombed by the raiders.

Italians Advance

ROME—The Italian troops in Macedonia have advanced an average of more than seven miles in pursuit of the Germans and Bulgarians and have taken 16 villages, says the report from the war office today.

Berlin Official

BERLIN (Via London)— British forces to the east of Epehy, southwest of Cambrai, yesterday obtained a footing in sections of the German trenches, says tse official statement issued today by the German general headquarters' staff.

(By the Associated Press)

WITH THE AMERICAN ARMY IN FRANCE (Sunday)— American troops raided the enemy lines in the neighborhood of Haumont village in

(Continued on page 7.)

JAPAN EXPLAINS RUSSIAN POSITION

Declares Efforts to Restore Order Come Because of Friendliness

(By the Associated Press)

HARBIN (Thursday)—A proclamation has been issued by the Japanese saying that its friendly feeling for Russia and not because of a desire to gain, prompts Japan to help to restore order here. The proclamation lays emphasis on the assertion that any one, regardless of nationality, causing disorders will be severely punished.

It is believed the proclamation was issued because the people decline to accept notes carried by Japanese troops instead of Russian money.

INFLUENZA IS UNDER CONTROL AT GREAT LAKES

Death Rate Lower Than in East, Says Capt. Moffett of Naval Station

CHICAGO—There are 4,500 cases of Spanish influenza at the Great Lakes naval training station, and there have been more than a hundred deaths since Sept. 9, according to a statement issued by Capt. William A. Moffett, commandant, to allay the fears of relatives of men in training and to set at rest sensational rumors of the ravages of the malady.

Capt. Moffett declared the situation well in hand, there being now only about 1,000 cases sufficiently serious to warrant their transfer to the base hospital.

Liberty of the men had been restricted, he explained, only as a precautionary measure to protect the surrounding civilian population. The number of cases is decreasing at the rate of 10 per cent a day, Capt. Moffett said.

Daily Reports to Relatives

The nearest of kin of the men are informed immediately when they are taken to the hospital, the captain added, and daily reports on their progress are given. The captain's statement follows:

"Spanish influenza first appeared at Great Lakes Sept. 9. The total population of the station today is 45,000, and there are about 4,500 cases of Spanish influenza. About 1,000 cases have been transferred to the base hospital.

Death Rate 1.5 Per Cent

"The death rate has been about 1½ per cent, which is below the death rate in the east, which has been about 2½ per cent. Since the advent of warmer weather admissions are much less and the progress of the disease is very favorably influenced.

Most Potent Treatment

"According to Lieutenant Commander Owen J. Mink, medical corps, U. S. N., the experience at Great Lakes has shown that the most potent measure in the prevention of the disease is the use of nasal sprays or douches of Dobell's solution or other mild antiseptics. Those contracting the disease should be put to bed immediately and kept there until they are entirely recovered. The treatment meeting with the bst results is the regular use of cathartics, hot drinks, soup, with Dover's powders and aspirin for the relief of pain."

Naval Doctors Called.

QUINCY, Mass.—Naval doctors and nurses were called into service in this city today to assist in handling cases of influenza and pneumonia. More than 40 deaths from these diseases have occurred here. In the fore-river district alone, there are 3,000 cases of influenza among the employes of the Bethlehem Shipbuilding Corporation.

400 Cases at Rockford.

CAMP GRANT, Ill.—There are 400 cases of influenza at Camp Grant, according to the camp medical officers. There has been no deaths.

Rages in New York.

NEW YORK—Eighty-five new cases of Spanish influenza were reported during the 48 hours covering the week end, according to health officers, who said that no deaths had occurred.

20 Deaths Reported.

BOSTON—The epidemic of influenza and pneumonia continued without abatement in cities and towns surrounding today. At ynn 12 deaths occurred overnight and in Saugus, Reading and other outlying towns scores of new cases were reported.

Twenty deaths from influenza were reported to the Boston health department for the 12-hour period ending at 10 o. m.

65 Die at Camp Devens.

AYER, Mass.—Sixtyfive deaths resulting from influenza and pneumonia occurred at Camp Devens during the last 24 hours, officials said.

FOUNDRY PIG IRON PRICES INCREASED

War Industries Board and Metal Institute Reach Agreement

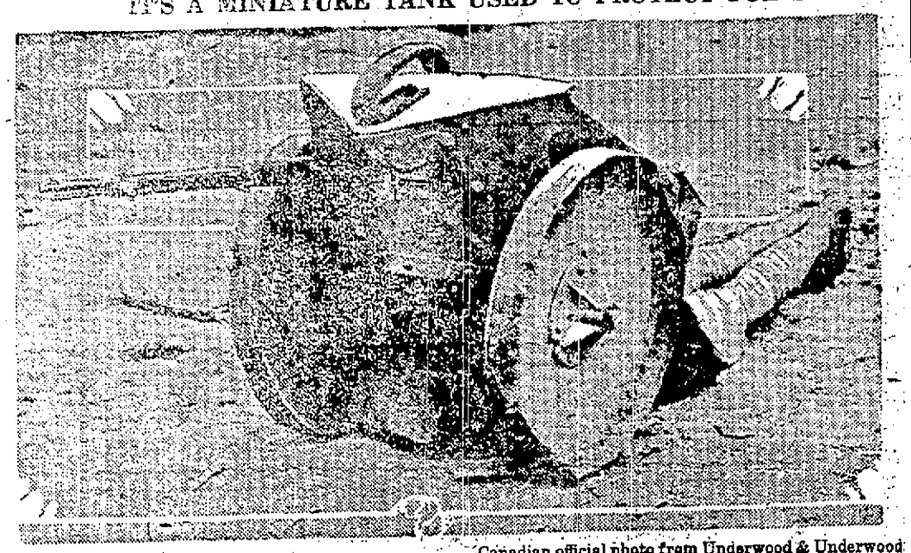

NEW YORK — Prices for basic and foundry pig iron were advanced $1 a ton by an agreement between representatives of the American iron and steel institute and the war industries board, it was announced here today. Ore prices were increased 25 cents a ton. Basic iron under the agreement which is effective October 1 to December 31 will be $32 a ton and the foundry product will be $34, it was stated

No change was made in steel prices. It is said none was requested. Official announcement of the new rates, it is stated, will await the president's approval.

CUMMINS DIES FROM INFLUENZA

CONCORD, N. H.—Edward J. Cummings of Littleton, democratic candidate for congress in the second New Hampshire district, died today at his home. He had been ill of influenza.

LATEST NOVELTY DISCOVERED IN USE BY THE GERMANS; IT'S A MINIATURE TANK USED TO PROTECT FOE SNIPERS

Canadian official photo from Underwood & Underwood

German sniper's tank.

Germany is using a great number of snipers to continually harass American and allied outposts in a vain attemp. to worry the allied soldiers and chase them out of important positions. To protect these snipers the Huns have built miniature one-man tanks. The tanks form bullet-proof sniping posts for the sharpshooters. The Canadians recently captured one of these tanks and the picture shows one of the Dominion soldiers operating it. The operator can move it forward or backward while behind it, but judging from the photo he must do it while in a rather awkward position.

LIBERTY BOND TAX CONFEREES END DEADLOCK

Compromise Dispute over President's Power to Regulate Sales

WASHINGTON — Senate and house conferees on the administration bill to increase the amount of income from liberty bonds exempt for sur-taxes, broke their deadlock by compromising the dispute ocer the house clause authorizing the president to regulate and prohibit sales of bonds and other government securities.

The house conferees yielded to the senate's objections and the section was redrafted so as to provide for investigation and regulation of security sales by license or otherwise, with specific provision that the authority given shall not be construed to prohibit sales for cash or for notes discountable at federal reserve banks.

SOCIETY OF EQUITY BOARDS CONVENE

Delegates from Iowa, Minnesota and Wisconsin Attend Meeting

About one hundred members of the boards of directors of the Society of Equity from Iowa, Minnesota, and Wisconsin are meeting at the society offices, Brown block, today. The principal business to come before the meeting was the incorporation of the different branches of the society.

BIGAMY CHARGE UP IN COURT TODAY

Mrs. Clayton Colias, Baraboo, Arrested for Double Marriage

The case of Mrs. Rose Miller-Clayton-Colias of Baraboo, arrested last week and charged with bigamy, was taken up in circuit court today by Judge E. Ray Stevens. Following an investigation made by the Red Cross concerning a complaint made by her husband, now in the service and which was that she was being improperly cared for, it was discovered that the woman had married Colias without first procuring a divorce from Clayton, from whom she had separated.

LAST SACRAMENT TO BISHOP IRELAND

St. Paul Church Official Conscious only part of Time

ST. PAUL, Minn.—The last sacraments of the Catholic church administered to Archbishop Ireland shortly before noon today. It was announced early this afternoon that the archbishop was conscious only part of the time.

Bishop John O'Gorman, of Sioux Falls, administered the sacrament of extreme unction to the dying archbishop. A number of prominent bishops and priests were in attendance.

Until today, Archbishop Ireland has been conscious throughout his illness. After a sinking spell this forenoon his mentality gradually faded. For a short time he recovered consciousness and murmured a few words. Then he lapsed again.

SET WHEAT PRICE ACTION IN HOUSE

Calls for Recommendations to President Regarding 1919 Market

WASHINGTON — The house today withdrew from its agriculture committee and passed a resolution calling for the recommendations of the secretary of agriculture and the agricultural advisory committee to the president regarding the 1919 price of wheat which has been fixed at $2.20 a bushel. Representative Anderson of Minnesota asked for the action, no report having been made by the committee within seven days after the resolution was referred to it. The advisory committee is understood to have recommended a higher price than the president fixed.

LIEUT. SCHEIBEL SERVES IN FRANCE

Home Papers Welcome, Writes Former Secretary of Conservation Commission

A letter from Rudolph Scheibel, first lieutenant in the quartermasters' department, now serving in France, has just been received by his father, August Scheibel, 1008 Jenifer street. Lieutenant Scheibel writes that the home papers are most welcome and that he had just received a second lot of them the nigh before, which, he says, he sat up to read "until the other officers mbegan to holler at me to turn out the light and began hrowing shoes at me."

SENATE STARTS ATTACK ON HOUSE TAX BILL

Senator Thomas, Colorodo, Say $8,000,000,000 Levy is Too High

WASHINGTON—While the senate finance committee prepared today to begin revision of the war tax bill, attacks on the house bill were opened by Senator Thomas, democrat, of Colorado.

That the $8,000,000,000 tax levy proposed is too large and may cripple American industry and that the tax on salaries of the president, federal judges, state, county and municipal bonds and the alternative war excess profit system all are constitutional, was his contention.

The few protests against the house bills's provisions, Senator Thomas said, he believed were due to fear of the charge of lack of patriotism. By liquor prohibition Senator Thomas said it was proposed to reduce the bill's tax return $750,000,000.

"How this threatened deficiency is to be supplied I do not know," said he. "Those intent on destruction of property without compensation seem to be more intent on securing prohibition than considering the revenue situation."

RAHM INSURANCY PROTESTS FINDING

Files Suit to set aside decision of State Industrial Board

Charles and Robert Rahm, doing business under the name of the Employers' Mutual Liability Insurance company, have filed suit in circuit court to set aside a finding made by the state industrial board, which awarded $384.48 compensation to Levi Roberts for injuries received while employed by one of the insurance company's clients. It is claimed the industrial commission's finding is contrary to and unsupported by the evidence.

GERMAN IDEA OF U. S. TO BE LOAN PUBLICITY

Poster by Imperial Government to be Reproduced in this Country.

WASHINGTON — A poster issued by the imperial German government in an effort to belittle the United States contribution to the war and bolster the failing spirits of its people, has been reproduced by the Liberty loan publicity bureau and two copies will be distributed in this country during the fourth liberty loan campaign which opens formally next Saturday. The poster was forwarded by an American in Switzerland.

"Can America's entry make a decision in the war?" This is the poster's title. With the diagrams showing a small American army and a small merchant marine, the pamphlet inferentially answers "No."

"Russia's army of milions could not down Germany," argues the poster. "America threatens to send transports of one half million men but it cannot ship them."

These words are inscribed on a scroll held by a cadaverous looking Uncle Sam, alongside a Russia soldier appearing immense in comparison. At the time the poster was displayed throughout Germany last July more than one million American fighting men already were in France and their number will soon be doubled.

"England's sea power and England's merchant marine have not decided the war," says the posted. "America cannot increase her gross registered tons for 1918 by more than two or two and a half million tons; our U-boats sink twice as quickly as America can build."

These lines accompany a diagram of Uncle sam holding a toy boat, contracted with a big ship representing England's merchant marine.

The poster also shows a great fifleet of ships, more than twice exaggerated, represented as necessary to transport a single regiment. A French poster appealing to the French to save food in order to hasten the transportation of American soldiers, is reproduced by the German sheet, with the comment "Also the allies are beginning to have their doubts."

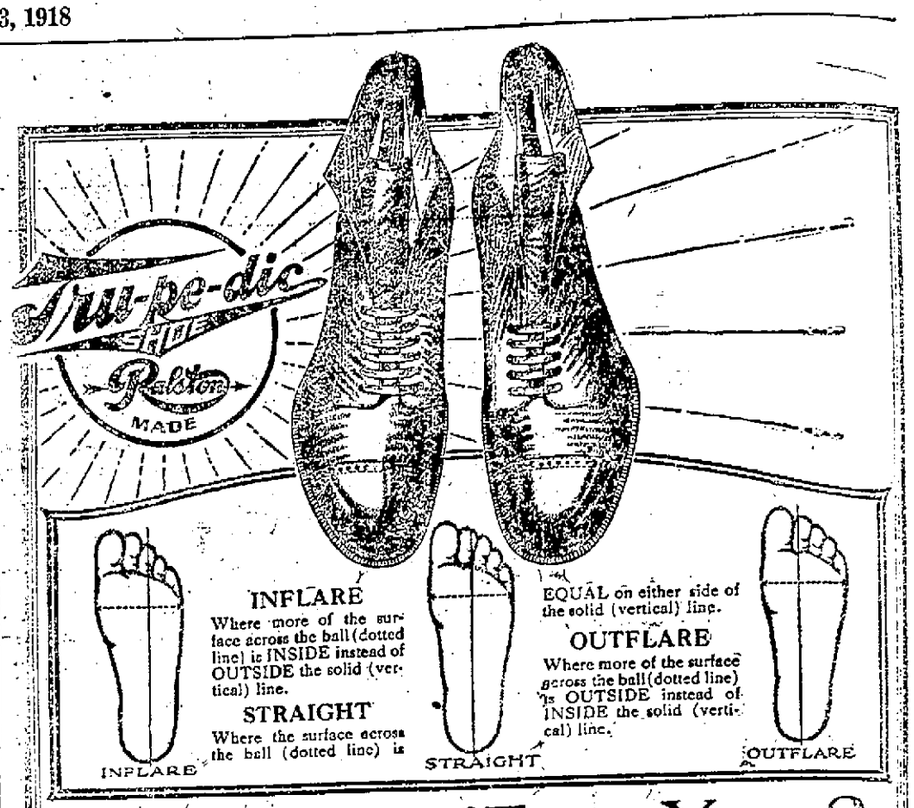

OVERMAN HEADS BREWERY PROBE

Investigation of Propaganda Turned over to Sub-Committee

WASHINGTON—The senate's investigation of propaganda and political activities of brewery interests with particular reference to the purchase of he Washington Times by Arthur Brisbane with money furnished by brewers, was entrusted by the judiciary committee today to a sub-committee headed by the chairman, Senator Overman of North Carolina, and including Senators King of Utah, Walcott of Delaware, Nelson of Minnesota and Sterling of South Dakota.

FLOAT COPPER DUG UP AT FOND DU LAC

FOND DU LAC — What is believed to be a piece of float copper, weighing 42 pounds, was plowed up near here today by Nicholas Walgenbach. If the specimen is genuine "float" it probably is the largest of its kind discovered in Wisconsin. Walgenbach has offered his find to the state historical society.

Which Type of Foot is Yours?

You cannot tell until you slip your foot into all three types of Trupedic Shoes but then you will know immediately.

One of the three—inflare, straight or outflare—will fit you, and that better than ever you were fitted before

This fact, that there are three types of normal feet instead of one standard type, has been established by the scientific research and study of the American Posture League, an organization of orthopedic doctors and hygienists of national repute.

The League fully endorses the Trupedic Shoe as incorporating the advanced principles in correctly fitting footwear which they discovered and recommend.

This shoe has nothing of the appearance of the usual anatomical shoe but is smart and stylish. It conforms to the natural shape of the foot, allowing ample room for the toes, yet fitting glove-like over instep and ankle. Its narrow shank holds the upper so that it grasps and supports the arch naturally, preventing the foot from sliding forward; the heel of the foot resting firmly but easily in a shallow socket, prescribed by science and foot-form.

Designed primarily to meet the needs and approval of forward looking young men, the TRUPEDIC Shoe will be welcomed by all men. It is not a corrective shoe, but a trim, good-looking shoe, built on correct anatomical principles to promote health, comfort and efficiency—a universal shoe for universal service, and there are forty years of practical shoemaking experience behind the TRUPEDIC Shoe. "Ralston Made" is your assurance of quality and satisfaction.

Let us show you this distinctly new shoe which insures a fit to every man.

(By the Associated Press)

AN ATLANTIC PORT—A large German submarine, 500 miles off the American coast, is believed to have been put out of commission and perhaps sunk by the United States shipping board steamship Nansemond.

The encounter, according to the Nansemond's master, Captain William FacLeod, last Thursday, lasted 45 minutes. Thirty-four shots were fired by the steamer, one of which, a six-inch explosive shell, was followed by the eruption from the submersible of a cloud of black smoke mingled with splinters. Captain MacLeod and his men are of the opinion that they scored a damaging hit.

CITY WILL BE COMBED FOR BOND BUYERS

Allotment Plan to Prevail Only in Districts of County Outside Madison

In all townships and communities of Dane county outside the city of Madison Liberty loan subscriptions will be allotted to individuals by their local committees on the basis of their net worth and income.

In the city of Madison during this campaign the plan previously followed will be adopted. This means that a full force of workers will solicit the subscriptions of Madison citizens. With a total quota far in excess of any previously demanded, citizens of Madison will be put to the test as never before in meeting this new patriotic obligation for the support of the nation's cause.

To clear up any misapprehension that may arise over the dual plan in Dane county, the Dane county committee today made clear that only the force of circumstances, and no purpose to draw distinctions, made it advisable.

How Allottment Plan Works

The allotment method was decided upon unanimously by all the township chairmen at a recent meeting in this city. This is benig used widely in all parts of the land. It follows the principle that "your share is fair."

In districts outside the city of Madison, where the allotment plan will prevail, citizens who feel their assessment is not fair may file with their Liberty loan chairman, before Friday, September 27, a statement of their net worth and income, so that the rating committee may take appropriate action.

Liberty loan officials today were still proceeding on the assumption that the fourth loan will be for $6,000,000,000. This is the generally accepted belief, and published quotas for Dane county cities, villages and towns were based upon the probability of this estimate prevailing for the campaign.

If, however, the national administration sees fit to make teh loan $7,000,000,000, this state's share will be increased from $100,050,000 to $116,725,000. If the loan is boosted to $8,000,000,000, Wisconsin must subscribe a mainimum of $133,400,000.

What the Figures Mean

Dane county's quota having been fixed at 5.22 per cent of the state's, the county's assessment on the basis of a total loan of $7,000,000,000 would be increased from $5,222,600 to $6,093,050. If $8,000,000,000 is decided upon, Dane county must subscribe $6,963,500.

These figures are contained in a letter received today by County Chairman F. J. Vea from E. J. Kearney, Chicago federal reserve director of sales for Wisconsin.

T. H. Mair, previously asssigned as chairman for the village of Windsor, will have jurisdiction over the town of Windsor as well, the county committee announced today. He will lose over the township work previously assigned to Ed. Dorman.

LEAVES FOR AVIATION TRAINING SCHOOL

Lawrence O. Staples has been [illegible] inducted by the Madison draft board and left today for the training school of the ground section of the aviation corps at St. Paul. Andrew Snyder, Roy C. Erickson, [illegible] Augerter and Armand [illegible] been inducted for limited [illegible] will depart for Jefferson [illegible], Mo., Oct. 1.

[illegible] men and women—have remarkable hair growth by the [illegible]. Whoever wishes the recipe [illegible] it free by writing to [illegible] Nettlain, BA-222, Station F, [illegible] N. Y. Or obtain a box of [illegible] Kotalko, made according [illegible] directed recipe, at the drug [illegible] for use.

Nettlain's Secret of Hair Growth

[illegible] number of cases, when hair [illegible] roots are not dead, but remain [illegible] in the scalp, alive, like seeds or [illegible] only fertility. The usual [illegible] shampoos, alcoholized hair tonics, [illegible] of no avail in such cases. The [illegible] ointment nourishes the hair and [illegible] the growth.

[illegible] furnishes the scalp and induces [illegible] growth in every case possible; wonderfully reported. *For men's, women's and children's hair.* If you are bald, or [illegible] hair, or have dandruff, you should [illegible] Kotalko. It is a pleasure to observe the starting of new hair and its steady growth until a prolific growth supersedes [illegible] or baldness. Cut out this notice [illegible] readers who want beautiful hair. [illegible] recipe is free. *This is genuine.*

ONE OF THE VILLAGES RECAPTURED IN ST. MIHIEL SALIENT

Village of Dompierre.

The city of Dompierre stood intact between the Germans' first drive back in 1914 and the recent offensive of the allies. The city lies in the St. Mihiel salient. It was under heavy fire when the Americans and French wiped out the salient, driving the Germans out.

WAR MOTHERS RETURN FROM EVANSVILLE

Mrs. Van Ostrand Elected Wisconsin Vice-President on National Staff

"War Mothers of America," is the official name of the society of war mothers, adopted at the first national convention held at Evansville, Ind., the home of the charter chapter last week. Other names proposed were "Next of Kin," "Mothers of World Liberty," "Mothers of Democracy," "Daughters of the Nation," and "Mothers' Home Guard." Five sections of the national society will be established to facilitate organization, the Atlantic, Southern, Central, Rocky Mountain, and Pacific, with headquarters located at some city in each respective section.

The convention was attended by five Wisconsin delegates: Mrs. E. H Van Ostrand, president of the local chapter; Mrs. W. L. Olds, local secretary; Mrs. Mac Hart Waite, Mrs. Morgan Griffiths, all of Madison, and Mrs. Arthur Ehrich, Racine. Mrs. Griffiths returned to Madison Saturday evening. The other Madison women visited Mammouth Cave, Ky., Saturday, before returning home.

Serve on Committees

Mrs. E. H. Van Ostrand was elected Wisconsin vice-president of the national staff of officers, on which each state is represented by a vice-president. Mrs. Van Ostrand served on the time and place committee. Mrs. Griffiths served on the election board and was one of the 21 mothers who spoke at the experience meeting, a feature of the convention where the mothers told of their sons in service.

Pictures of Mrs. Van Ostrand, Mrs. Olds, and Mrs. Waite were carried in the Thursday issue of the Evansville Journal-News, under the caption Wisconsin delegates."

Mrs. Robert Carleton Morris, Toledo, O., was elected national president of the society. Evansville was chosen as national headquarters. The constitution adopted provides that the organization be financed through a 10 per cent levy on the current expense fund of each division, chapter and unit of the organization.

Entertain Visitors

A banquet Thursday evening, patriotic parade Friday noon and a boat ride on the Ohio river Friday afternoon were features of entertainment offered the visiting delegates. Over 1000 mothers attended the convention. Speakers of note who spoke at various sessions were Senator James E. Watson; Mrs. William Jenning, Utah; Mrs. Charles Dana, Houston; Mrs. Ida McClure, Gibson; Edmund Vance Cook, American war poet.

Pershing Thanks Mothers

EVANSVILLE, Ind.— Mrs. Gertrude Schulz, acting president of the War Mothers of America, today received a cablegram from General Pershing in answer to one sent by the recent convention pledging unlimited support to the American expeditionary forces. The message says:

"The splendid example of patience and bravery which American mothers have set for their sons is a tremendous inspiration to the American Expeditionary forces. In the name of these troops I thank you for a message which assures us of this courageous spirit."

HEILMAN RECOUNT DECISION HELD UP

Because of press of court business Judge E. Ray Stevens of circuit court was unableto reach a decision today in the Heilman-Gunderson election controversy. Tomorrow he will try some cases at Richland Center, so a decision probably will not be handed down till Wednesday or Thursday.

Stoughton

C. K. Herried, Correspondent

C. F. Suetmeier of McFarland visited friends in Stoughton Saturday.

Wyman Warren, Mrs. W. H. Dearborn, Mrs. Clyde Palmer and Jr. and Mrs. Will Robson were visitors at Madison Saturday.

Regular meeting of the Daughters of the G. A. R. Monday evening at 7:30.

Miss Mildred Skolen left for Madison Saturday to visit a sister, Mrs. Trygve Olson.

Clarence Erickson, second lieutenant, was promoted Friday to first lieutenant in the regular army.

Mr. and Mrs. Will Hegelmeyer and family are visiting relatives at Milwaukee.

Julian Mathison, who was suffering with a strangulated hernia, which was caused by a fall Thursday, was taken to the hospital Saturday.

Thorwold Eliotson who has been employed at Racine, returned here Wednesday.

Mr. and Mrs. Knut Johnson of Madison are visiting friends at Stoughton.

Ole Ladd is a visitor at Janesville.

Mr. and Mrs. Andrew Lewis of Monroe, who have spent their vacation at Lake Kegonsa, will leave for their home Monday.

Mrs. Harry Giesler of Madison is visiting friends at Stoughton.

John Gilbertson who lives west of Stoughton is reported on the sick list.

Mr. and Mrs. Paul Tannert and baby of Dallas, Texas, are visiting the former's mother, Mrs. Carrie Tannert.

Funeral services over P. I. Shelstad were conducted at his home Saturday afternoon by Rev. M. H. Hegge, burial following at the East side cemetery.

As pall bearers officiated Ole Borstad, H. A. Hulsether, G. L. Erdahl, Henry Severson, George Burthe, Nels Reindahl, Albert Asleson and Anfin Moen.

Ole Orvold and Mrs. N. J. Ness of Chicago, Maurice Heinsing of Davenport, Ia. Cie Shellestad of Lodi, Knut Gueleon of Broadhead, and G. L. Erdahl of Madison, attended the funeral.

Plans are now being made for a Liberty loan demonstration and patriotic rally in which it is expected that all registrants of Sept. 12 will march. The parade will wind up at the city hall where an address will be given and music will be furnished by the Stoughton band.

The employes of the Lord Burray cigar company gave a dance in the Lyland block Saturday evening for the benefit of the Red Cross.

EMPEROR VISITS TROOPS ON ALSACE FRONT

"We Never Let Americans Through," Was Promise of Germans

(By the Associated Press)

AMSTERDAM—"We never let Frenchmen or Americans through here," was the promise given Emperor William by his troops when he visited the Alsace-Lorraine front Sept. 19 and 20, according to Karl Rosner, favorite press agent of the kaiser, in a Sunday dispatch to the Lokal Anzeiger.

The purpose of the visit was to thank the troops for having bravely held out, and according to the emperor's chronicler, 'at the same time giving them inspiring words for the fresh fighting on the threshhold of which we are perhaps standing on the southwest of the empire."

The emperor first visited the section between Mulhausen and Colmar, where 'In sight of the Vosges front, on whose heights and slopes the German positions run, and within hearing of the dull roaring cannon fire, Emperor William, conducted by Field Marshal Duke Albrecht of Wurtemburg, the commander-in-chief of the army group, went from division to division, camp to camp and hospital to hospital."

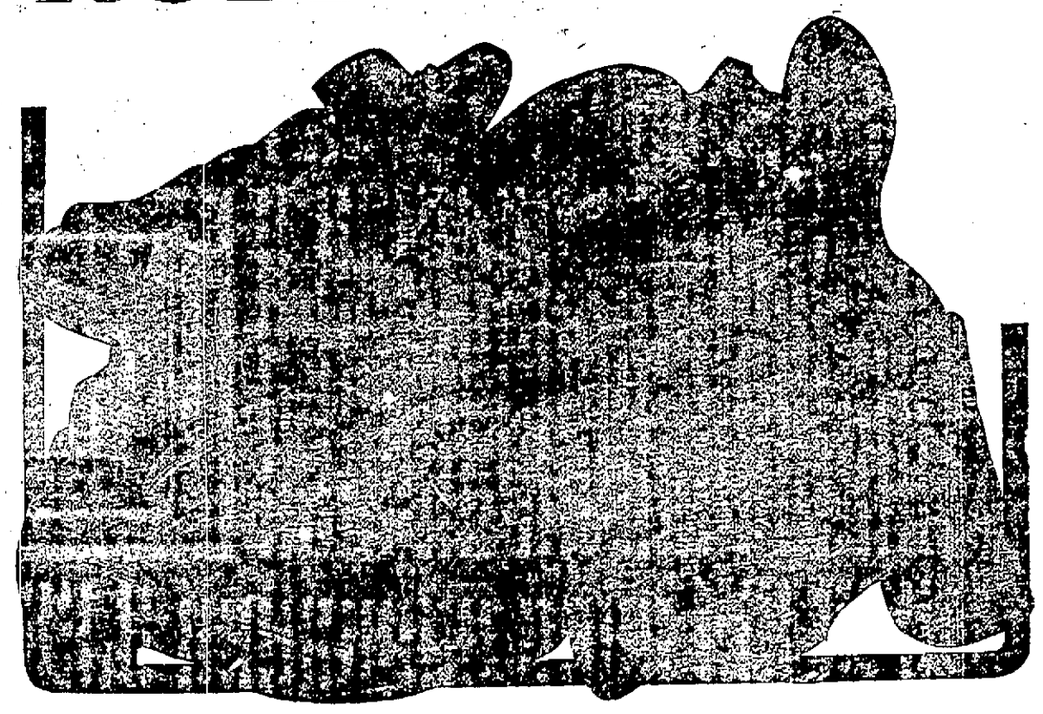

"Here his majesty," says Rosner, 'was again told by his generals, just as by simple musketeers, that they will never let the enemy pass. The emperor passed along the entire Lorraine front but instead of visiting staffs he called on small units, brigades, regiments and battalions. It is true that he 'Hurrah' feeling of he commencement of the war has vanished but everywhere one meets with the same unshakeable and sure calmness which never for a moment doubts of a victorious resistance."

The correspondent reveals the fact that the brigade commanded by Prince Oscar, the emperor's son, is stationed on this front. He says that Prince Oscar has returned to the field notwihsanding he afer affect of his wounds.

HELD FOR THREATS

Mrs. I. M. Hills was arraigned before Judge Hoppmann in superior court today on a charge of making threats against Katherine Raemirch. She entered a plea of not guilty and her trial was set for Sept. 30.

Heart and Beauty Problems

By Mrs. Elizabeth Thompson

Dear Mrs. Thompson:—I am a girl 21. There is a fellow who lives near our place. There is another girl 17 who likes the same fellow as I do. I know he likes us both. What shall I do? Quit him or be friendly as before?

You are not engaged to the young man evidently, so that there is no reason why he cannot like other girls as well as you. By all means, remain friendly, or you will be criticized by your friends and will be called jealous.

Dear Mrs. Thompson:—I am a girl 17 and have gone with a fellow three years. He is real good looking and kind of jealous sometimes. He is going to the army soon and wants to marry me. I would like to marry him because I love him very much. I've got the permission of my parents to marry him. What shall I do—ANXIOUS.

It is better to wait with marrying until after the war. You are very young as yet, and will perhaps change your mind about the young man after you have been separated for a while. Wait a number of years more before thinking of marrying.

Dear Mrs. Thompson:—1. We are two girls twins) and are both 12 years old, and in the seventh grade. Are we far enough advanced?

2. What colors are going to be worn this winter?

3. We both get very bad chapped hands about this time of the year and last about six months. We would like to know a simple cure for them.

4. How is our writing?

—TWINS.

1. Yes, you are far enough advanced for your age. Twelve is generally the age for those in sixth grade.

2. There are no new colors out this winter, but brown will be worn to a great extent, and then there is the grey, dust, burgundy and navy blue.

3. Go to your druggist and he will recommend some lotion for chapped hands. Wear gloves as much as possible, and when you take your hands out of water be sure to dry them well.

4. Your writing is good.

Dear Mrs. Thompson:—I am a boy 19 and I am very bashful. I love a girl with all my heart and am too bashful to let her know it. What can I do? —ED.

Generally love overcomes bashfulness. Take her to places, and send her gifts, such as candy, flowers or good books, and she will soon know that you really love her. Try to forget yourself and do things for others, and you will soon get over your bashfulness.

Dear Mrs. Thompson:—I have been going with a man of whom I thought a great deal. I went away several months and I got a letter from him while I was there. He seemed to care as much for me as ever, but when I got back I heard he was married. I don't know now whether this is true or not. Do you think if he were he would write to me like that when I didn't give him any cause to?

Do you think he is married and is trying to keep it from me? Should I go to him and ask him if he is married, or should I let the matter drop where it is? I would not like to go with him if he is married. He passed me on the street the other day and spoke as he always did.

I don't think the girl is nice and that is the reason he is trying to keep it from me. The girl who introduced me to him is not considered a nice girl now. Do you suppose he thinks I am like her for I am not going with her now that I have found out what she is. Can you please tell me some way to show I am not like her?

—BROWN EYES.

Speak to the young man as you would to any other friend, but do not write and ask him if he is married. Probably he is married if that rumor is about. Do not say or even think that the girl he married is not all right. To do so would show jealousy and smallness on your part.

He has not given you up because of the reputation of the girl who introduced you. If he had loved you he would have ignored that. Keep your own character irreproachable and he will see that you are not like that girl, even if he's in doubt now.

Dear Mrs. Thompson:—I have been going with a young man off and on for about two years. Some time ago he had a date with me, but did not fill it. I found out later that he took a crowd of girls where he asked to take me. I asked him why he treated me like that and he said he didn't remember asking me for a date. He did not seem to be angry at me when he left for he asked if he couldn't come back one night that week but he just spoke to me and went on. Now I see him every few days but he never asks for a date.

There was a girl visiting in his home town a few weeks ago and he was very nice to her and did not notice me while she was around. My parents do not want me to go with any other boy. How can I win back his love? —BABY DOLL.

It is hopeless to try to make the young man care for you again. You and he have grown apart and he is no longer interested in being with you. Give him up bravely and turn your thoughts to something or some one else. Your parents are wrong in wanting you to go with that man only.

Dear Mrs. Thompson:—I want to be a nurse and I sent my application several days ago and was accepted. Now father will not allow me to go into training. What shall I do to persuade him to let me go? He wants me to take a business course, but I do not want to. —R. K.

A parent is so often right in his judgment that I do not like to encourage you to do the thing you want to against your father's wishes. Try to make him see that your heart would be in the work and you would be happier nursing than doing any other kind of work. His suggestion is good, it seems to me. If you take a business course you will be fitted to be of service to the government as a stenographer or bookkeeper. On the other hand, if you are strong enough for nursing, you ought to bepermitted to answer your country's call since it needs nurses so desperately.

* * *

Dear Mrs. Thompson:—I recently took a treatment and quit chewing tobacco and smoking cigars. I have not the least desire for tobacco in any form, but would like to have something to put in my mouth at times. I do not like chewing gum. Please tell me of something I can get to chew on sometimes. Can I get a root of some kind of a good flavor from a druggist?

—A Reader.

Get a licorice or flag root at a drug store and chew on that.

* * *

Dear Mrs. Thompson:—Is a girl 16 years old too young to go to dances with boys at night?

—M. M.

Yes.

The city council committee on streets will meet tomorrow afternoon in the council chamber, while the committee on claims will meet at the same place Wednesday night to pass on the pay roll.

Cuddle Up

In the sweetest smelling sheets you ever put on your bed. Close your eyes—the fragrance of new mown hay. The purity and sweetness of absolute cleanliness. There's nothing else like the delightful odor of fresh clean linen—as you cuddle up in the sheets that GRANDMA washed. GRANDMA is a marvelous *Powdered* soap. Powdered to save cutting, chipping and wasting of bar soap. The millions of big, bursting, bubbling suds surge through the clothes and drive out every atom of dirt. Twice the cleaning power with half the effort and at less cost.

THE CAPITAL TIMES

For the Sake of Our Faith in Democracy

by
Samuel Gompers
President American Federation of Labor

It is not only our ***duty*** to buy Liberty Bonds of the Fourth issue; it is our ***privilege.***

Liberty Bonds are in fact ***Liberty*** Bonds.

Our Republic is winning its future liberties with men and labor and money. ***We must give all of these until Liberty is won.***

All Americans stand on a common battle-ground fighting for a common cause. All must cooperate to give our country its maximum of strength.

It is now found necessary to issue a Fourth Liberty Loan. I appeal to all my fellow Americans, and especially to the men and women of Labor in America, to do all in their power to buy the bonds of this Liberty Loan in a spirit of consecrated and generous patriotism.

To buy these Bonds is not a sacrifice; it is an investment in Liberty itself—an investment in the future glory of free mankind!

Our country calls for this service of our money. Let us respond quickly, with ardor, with pride in our country's cause. For the sake of our faith in Democracy, let us do this service.

CLUBS

The sixty-seventh anniversary of the Rebekah lodge will be celebrated tonight at the Odd Fellow hall, West Mifflin street. The business meeting will be at 8 o'clock and at 9 o'clock the doors will be opened for the guests. All Odd Fellows and their families have been invited to attend the festivities. A musical program has been arranged and a tableau, representing "Untrue Peace" will be given. Patriotic decorations will be used on the stage and in the hall.

* * *

The Married People's club will give a dancing party Tuesday evening at Kehl's hall, East Johnson street. All members and friends are cordially invited.

* * *

Dr. Charles McCarthy, who has recently returned from the war zones, will talk to the Federation of Women Workers and their friends Wednesday evening, Sept. 25, at 8:00 p. m., in the auditorium of the Public library. Dr. McCarthy has been studying the labor situation in England and France for the War Labor board.

* * *

The first opening meeting of the new year of the Madison Woman's club was held Friday afternoon in the Woman's building.

Delegates to attend the state convention of woman's clubs at Eau Claire, October 9, 10, 11 were chosen as follows: Mesdames Louis Claude, local president; H. S. Richards, nominee for state president; James B. Ramsay, W. W. Gilman, J. C. Harper, John Hazelwood, E. M. Gilbert, Howard L. Smith, Walter Noe, Herman Jonas, Nils F. Haugen, and Misses Lelia Dow and Catherine Corscot.

* * *

The Pythian sisters will give the first of the series of progressive 500 parties Wednesday afternoon at their hall in the First National bank building. The proceeds are to be used for war relief work.

S. A. T. C. CANDIDATES ARE EXAMINED

Hundreds Apply for Preliminary Test; Campus Becomes Lively

Registration and physical examinations for the Students' Army Training corps of the University of Wisconsin are beginning today. Hundreds of young men are already appearing on the campus, and physical examinations are being conducted under the direction of Dr. Robert Van Valzah, of the university clinic, who has been appointed official examiner by the war department.

The university is urging all S. A. T. C. applicants in nearby cities and towns to report to the university for physical examination this week in order to distribute the task of examining 3,000 men and relieve congestion next week. To many S. A. T. C. candidates the opportunity to take their examinations this week is welcome because it relieves them of anxiety concerning their eligibility to the corps.

The process of induction into the S. A. T. C. may be begun at the time of the physical examination. It is highly desirable that this be done, so that the inductions may be completed promptly on Oct. 1, or as soon thereafter as possible.

FOUR MINUTE "SINGS."

Four minute "sings" will be instituted in Madison theaters soon by the four minute men of the committee on public information, instructions having been received from Washington to start the work here. A special committee will direct the work and persons who are capable of leading a chorus are requested to get in touch with Milo P. Hagan or the Association of Commerce.

War-Savings Stamps are Worth Self-Sacrifice.

TALL QUILL GIVES HAT UNUSUAL LINE

This rather extreme turban from a house which takes pride in its novel styles is developed in two shades of velvet. The crown is beige and the brim is black. The brim rolls very high on one side and the trimming is one tall velvet quill placed directly in the front.

ALSACE GOVERNOR LOOKS OVER METZ

"Inspects Damage Done by Long Distance Bombardment," is Report

(By the Associated Press)

PARIS Sunday)—The governor of Alsace-Lorraine visited Metz on Thursday last "to inspect the damage caused by the long distance bombardment," says a Havas dispatch from Basel today. The governor's purpose was also to visit the injured in the hospitals, the message stated.

Dispatches from the American front to The Associated Press Saturday night emphasized the fact that there had been no bombardment of Metz, although the forts around it have been under fire and a shell occasionally has fallen in the vicinity of the city.

STRAND THEATRE OPENS TODAY

First Performances Given Under Slight Handicap

The new Strand theater began its opening performance this afternoon under a slight handicap, but it is probable that its nature was not discovered by the patrons. Because of the war, the government has taken over the entire output of all lens manufacturers, so the manufacturers of moving picture projection machines cannot supply their customers with the proper lenses in every case. Those used today were too large for the screen, causing the picture to overlap, but two others of the proper size are on their way from Milwaukee and will be used tonight and hereafter.

The projection room of the new theater is about the finest in the county. Besides two motor-driven Simplex projection machines, it is equipped with every device made for the improvement of pictures and the elimination of "flickers."

The operator is C. L. Russell of Los Angeles, a man of wide experience and brought here in order that Madison people may have nothing but the best.

OBITUARY

MRS. SARAH EIGHMY

Mrs. Sarah M. Eighmy, aged 87, widow of Eugene Eighmy, died at her home, 241 Langdon street, early Sunday morning. She is survived by one daughter, Mrs. Belle Osborne, who lived with her mother. The funeral will be held from the home at 2:30 o'clock Tuesday afternoon. The Rev. Mr. Perry, Milwaukee will officiate, assisted by the Rev. George E. Hunt.

H. C. McCORMICK

H. C. McCormick, Madison rural route No. 3, died at St. Mary's hospital this morning following an operation. He was 55 years old. He is survived by his wife and two children.

LARRELL CLUSSMAN

Larell Clinton Clussman, 2-year-old son of Mr. and Mrs. Clinton Clussman, 119 North Fifth street, died Saturday night. Burial will take place at Grand Rapids.

GERSEON W. LAKE

The body of Gershon W. Lake, aged 75, who died at his home, 313 North Brooks street, was taken to Milwaukee today for cremation. Mr. Lake is survived by one daughter, Miss Dora L. Lake, and one son, Attorney Earl G. Lake.

WOMEN WILL NOT BE CONDUCTORS

(By the Associated Press)

CLEVELAND, Ohio — Women shall not be employed as conductors on Cleveland street cars on or after November 1st next 11918, is the decision of Henry B. Dielmann and Miss Margaret Russanowska, federal investigators acting as special representatives of the department of labor, in a report to President Stanley of the Cleveland railway company received today.

The investigators found that the labor situation in Cleveland does not demand the employment of women because of the shortage of manpower.

Advertises to Workers Where They Swarm the Thickest

The war is putting a premium on industrial work of all kinds, and rightly, since production is the big necessity. And the man who can produce is getting the money. Wage-earners have bought their Liberty Bonds, too, but they have fewer fixed expenses, and are more likely to have a surplus which they can invest in automobiles, jewelry and other things in the luxury class, which they may not have been in the market for heretofore.

Manufacturing Jeweler Advertising to Laboring Men

The R. F. Simmons Company, of Attleboro, Mass., which makes Simmons Watch Chains, has announced to the trade that its advertising this fall is to be centered in the industrial districts, where the workers are making and spending big money. In explaining its plans to the jewelers thru whom its products are distributed, the company says:

"WHO ARE THE HEAVIEST BUYERS OF MODERATE-PRICED JEWELRY? Our investigations thruout the United States have answered this question beyond the shadow of a doubt. THE WAGE EARNERS—SKILLED MECHANICS, FACTORY OPERATIVES, MILL WORKERS AND FARMERS—are the people who are doing the bulk of the buying. These people are making more money than they have ever made before, and are spending it freely."

"Every Indication points to unusual activity this fall in the purchasing of moderate-priced jewelry in these industrial and farming centers."

GERMAN PRISONERS ARE USED TO CARRY ALLIED WOUNDED DURING GREAT DRIVE

Germans captured during the allies' great offensive are made to do a work of mercy. They are used as stretcher-bearers to carry the wounded soldiers to the dressing stations. The picture shows a squad of Huns carrying a wounded soldier. They are wearing their masks as the poisonous fumes spread by the Huns are still hanging in the air. Notice their ghastly masks. The allied soldier with them still has his mask on, too.

A Fight For Life

It has been fight or die for many of us in the past and the lucky people are those who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "An-u-ric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges or rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Doctor Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of Anuric.

KINGSTON, WIS.—"I can truly say that Dr Pierce's Anuric Tablets have helped me more than any other medicine I ever used for kidney and bladder troubles, and I would advise every one that is troubled in that way to give Anuric a trial.

"I am perfectly willing to have my testimonial printed and circulated for the benefit of others."—Mrs. DAVID E. JONES.

ST. PAUL, MINN.—"I just want to say that Anuric has done for me what many other remedies have utterly failed to do. For over thirty years I suffered with rheumatic pains. At times I would have them in my back, then they would start in my left shoulder and run down into my arms, also in my left side extending down the limb to my ankle. I can't begin to tell you how much I suffered during this time. A short time ago I heard of Dr. Pierce's Anuric. I have only taken one bottle of the tablets and to-day have not a pain or an ache—thanks to Anuric. I cannot say enough in its praise."—JOHN EVENSON, 1069 Greenbrier Avenue.

Ask the druggist for Anuric (60c), or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial package.

TTEMORE SHOULD KEEP UP THE FIGHT

who thought that the movement headed at the recent by J. N. Tittemore ended for the present with the date, another guess is coming.

uence of that movement was felt at the recent platlion when the balance of power held by the Tittemore med a progressive for chairman and also brought a platform out of the convention.

re is still work for the leaders of the movement to

ominees of the movement can be sent to the legisinter they will hold the balance of power which will erest of the people. Men from this movement will the legislature this winter. If they hold the balr they will be in a position to stop the raid on the rests now being contemplated by privilege and the sts.

emore can render no greater service to the people than to go into the districts where men supporting nt have been nominated for the legislature and to eir election. Mr. Tittemore can send many people's es into the legislature.

f 40 members in the coming legislature would be a llenge to the onslaughts of privilege.

LODGE AND HOWE

that Senator Henry Cabot Lodge has attacked rick C. Howe, commissioner of immigration at New ro-German."

er parallel of the manner in which reactionaries ays served privilege, are trying to use this war to discredit men who have balked their efforts in the past is furnished than in this Lodge-Howe incident.

Senator Lodge is a starched and perfumed servant of the Big Interests,—and always has been. Fred Howe has been fighting the battles of democracy in this country for 25 years. Therefore Lodge hates Howe.

Howe wrote a book entitled "Why War?" This book was written before the declaration of war. But the views expressed in that book are sufficient for Lodge to attack Howe as a "pro-German."

No one who knows modern history in this country will be fooled by the motive which prompted Lodge's cowardly remark. It isn't because Lodge thinks that he will serve his country or that he has any fear that Fred Howe is a menace to this country that he gave utterance to his remarks. The remark was actuated by Lodge's intense desire to discredit and destroy all men of the type of Fred Howe in this country. Fred Howe, in the past, has thrown some monkey wrenches into the plans of Big Business.

Howe is an authority on municipal government. He has written a number of books on the subject. He has been a relentless foe of municipal graft. He has obtained the opposition of Wall street which owns public utilities all through the country and takes millions in dividends from cities that are rottenly governed. For that reason Wall street hates Howe.

Senator Lodge cannot disguise his REAL motives in his attack on Howe. It is because Howe has the real concepts of democracy and Lodge has all the attributes of autocracy that Lodge attacks Howe. Howe has been an enemy of Kaiserism in this country; Lodge has been a friend of Kaiserism and privilege and autocracy in this country.

That is why Lodge attacks Howe.

Edmunds of Appleton chosen chairman of republican state central committee. . . . Rev. E. J. Baskerville buys Deming Fitch farm of 113 acres just south of Madison. . . . Dr. C. A. Harper goes to Washington to attend anti-tuberculosis congress. . . . Mr. and Mrs. Burr Jones come home from their wedding trip.

A TIMELY HINT TO CHRISTMAS SHOPPERS—DO IT NOW!

ON THE SQUARE--AND OFF

By the Observer

According to Louise Mautz, freshman, they are learning to educate verbs in Latin class at the Madison high. Not a bad idea, Louise, if you could educate some of them to be more docile. How times have changed since Father was a boy. In the olden times we learned to conjugate verbs.

* * *

The farm crop thermometer in Lakewood, Conrad Hansen, although he spends his time in a grocery store, has time to look over the prospects and reports wheat and oats yielding fine. The corn, he says, is about out of danger, and the tobacco is nearly all in in that vicinity.

POTATO ASSOCIATION TO MEET.

MILWAUKEE—The Potato association of America will hold its regular 1918 annual convention in Milwaukee Nov. 19 and 20, coincidental with the Wisconsin Potato exposition, which is being promoted by the Wisconsin Potato Growers' association.

S. A. T. C. NAVAL UNITS

WASHINGTON —Naval units of the student army training corps are to be established at 85 universities and colleges in 37 states and the District of Columbia. Students subject to draft may enroll in the naval units by applying before October 1.

STATE NEWS

GERMAN DESERTER JAILED.

EAU CLAIRE—Nic Pap, 28, who claims to be a deserted from the German army, was placed in the county jail here on Thursday on a charge of failing to register for the draft. Pap told the authorities he has been working in a paper mill here since last April. After participation in a German drive in Serbia 3 years ago and winning an iron claims to be a deserter and made his way to the United States by way of Africa. He also asserted that his father, who is a major in the German army, gave him $2,000 and advised him to desert.

ROBERT BAUER DIES.

MILWAUKEE—Robert W. Bauer, secretary and treasurer of the Brunkhorst-Bauer company, died at his residence Thursday night after an illness of some months. He is survived by his widow and three sons, one in the service overseas and one a captain at Camp Grant.

DANCES UNDER BAN.

KENOSHA—The Kenosha board of health issued a formal notice Thursday putting a ban on all public dances on account of fear of Spanish influenza. One sailor from the Great Lakes training station is ill with the disease at the Kenosha hospital.

FOOD PRICES SOAR.

MILWAUKEE—Sharp increases in the prices of eggs and butter were made by the food commission on Thursday. It was announced that hereafter the prices of chickens and potatoes will be published in the weekly bulletins.

Eggs advanced 5 cents per dozen, now retailing at 50 and 52 cents per dozen. Storage eggs sell at 46 and 48 cents. Fresh creamery prints jumped to 60 and 65 cents per pound. The previous price was 56 and 61 cents. Butter in bulk advanced from 55 to 60 cents to 59 and 65 cents per pound. Best kettle rendered lard will sell at 32 and 34 cents per pound and lard compound at 28 and 29 cents, an increase in each case of 1 cent.

WOMEN OVERHAUL CARS.

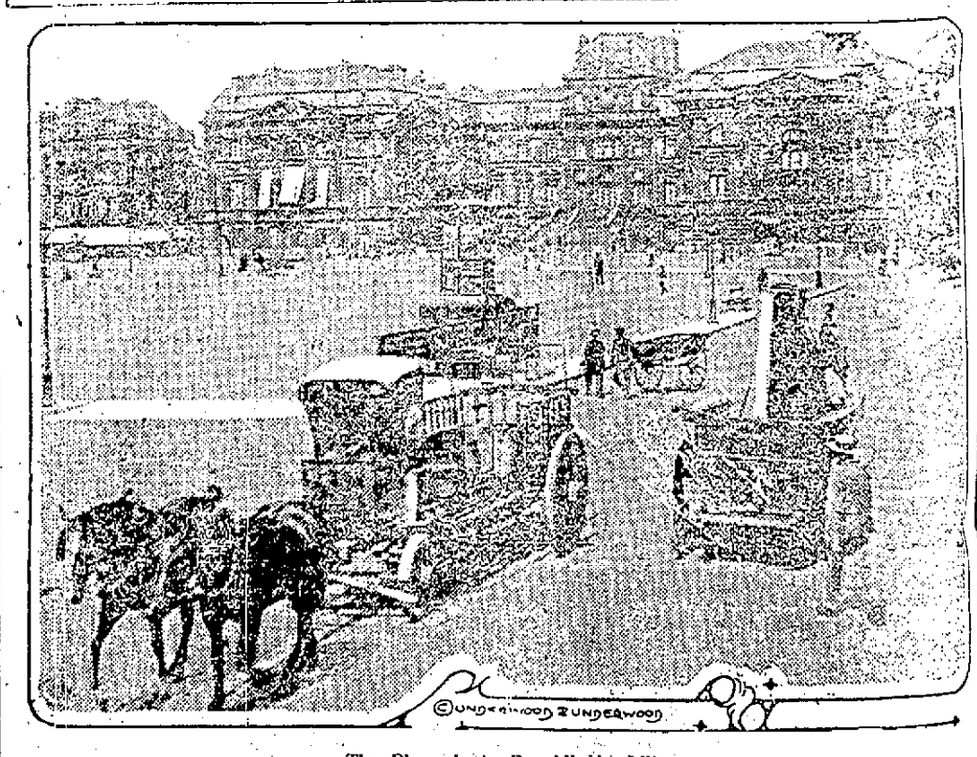

MENASHA—Menasha's Red Cross Motor corps is getting into the game with a vengeance. At the present time the women may be seen working in overalls at a local garage dismantling automobile engines. Grease holds no terrors for these young women patriots who have taken to the work in earnest.

LIEUT. BELL TELLS OF A. E. F.

MENASHA—A convincing argument for the gasolineless Sunday law is voiced by Lieut. Bryon Bell, home from France on a furlough, who in recent speeches, declared that the gasoline consumption for the American Expeditionary forces alone is more than 500,000 gallons daily.

War-Savings Stamps are Weapons of Self-Sacrifice.

LILLE, INDUSTRIAL CENTER, TO BE RESTORED TO FRENCH

The Place de la Republic in Lille.

Military critics believe that the Germans cannot prevent the allies from retaking Lille, one of the most important French cities now held by the Huns, in the near future. The allied line is drawing nearer that city daily. Lille is 154 miles from Paris. It is one of the important manufacturing centers of France, especially in the production of linen, woolen goods, cotton and cloth. It also is in the heart of a great agricultural as well as manufacturing district. It is the capital of the department of the Nord. The modern fortifications, consisting of more than 20 detached forts, enclose the city in a circuit of 30 miles. The city is said to date back to the days of Count Baldwin IV of Flanders.

MADISON'S LOAN QUOTA FIXED AT $2,884,400

Announcement on Basis of a National Loan of $6,000,000,000

Madison's quota of the Liberty loan is 55.23 per cent of the amount to be raised in Dane county.

Madison must subscribe $2,884,400 if the total loan for the country is fixed at $6,000,000,000, as now seems to be the general impression. The entire amount to be raised in Dane county is $5,222,600. If the national quota for the loan remains at $6,000,000,000, the state of Wisconsin must subscribe $100,050,000. The quota for Dane county is 5.22 per cent of the state quota.

Practically complete plans were worked out Saturday night for the fourth Liberty loan drive in Dane county. Although the actual drive will not open until Sept. 28th, workers are being appointed in all the wards and towns and full instruction as to the methods for raising the loan have been prepared. Liberty loan workers have been given permission by the Federal Fuel administrator to use their cars on Sunday, when there is gastess day.

Amount by Towns

Assuming the Liberty loan quota for the nation to be $6,000,000,000 and Dane county's share to be $5,222,600 the following amount must be raised in the townships and cities:

Albion, $67,400; Berry, $39,-500; Black Earth, $34,000; Blooming Grove, $74,700; Blue Mounds, $90,900; Bristol, $58,-[illegible], $61,200; Christiana, $[illegible]; Cottage Grove, $61,-[illegible]; Cross Plains, $54,400; Dane, $1,800; Deerfield, $77,300; Dunkirk, $302,400; Dunn, $55,-[illegible]; Fitchburg, $52,300; Madison, $2,884,400; Mazomanie, $[illegible]; Medina, $72,600; Middleton, $91,900; Montrose, $61,-[illegible]; Oregon, $73,700; Perry, $[illegible]; Pleasant Springs, $64,-[illegible]; Primrose, $39,700; Roxbury, $1,800; Rutland, $52,300; [illegible]dale, $51,200; Springfield, $[illegible]; Sun Prairie, $99,200; [illegible], $32,400 Verona, $59,-[illegible]; Vienna, $53,100; Westport, [illegible]; Windsor $85,700; [illegible], $19,100.

It is not there may be no misunderstanding regarding to the change [illegible] for raising the loan, F. J. [illegible], chairman of the Liberty loan committee for Dane county, Saturday made public a statement which explains the method of reaching all persons to secure the subscription in accordance with their financial ability to subscribe.

"The treasury department," stated Mr. Vea in his statement to be sent to each individual this week, "by authority of the president and congress, has again called for a subscription to a new Liberty loan. The amount of the loan is not yet definitely settled, but the general impression is that this loan will be for about six billion dollars.

Vea in Statement

"If the loan should be for this amount, Wisconsin's share will be about one hundred million dollars, and Dane county's share about $5,-222,600.

"At a meeting of practically all of the Liberty loan township chairmen of Dane county it was unanimously agreed, for this loan to carry the allotment one step further and allot or state to each individual what his fair share of the loan would be. This allotment has been made by a rating committee appointed by your local chairman, and they have carefully computed your share of the township quota by means of the tax roll, and their estimate of your net worth and income. You can readily understand that such a method of raising your quota is absolutely fair to all, and surely is the democratic method of distributing the loan according to each man's ability to subscribe.

"If the loan is for more or less than six billion dollars, then your share will be such a fraction more or less as the loan is greater or less than this amount. Of course you understand that $50 is the minimum bond allowed, and fractions below that amount cannot be considered.

Rating Is Made

"If you think your share is not fair, please file with the Liberty loan chairman for your township or city before Friday, September 27, a statement of your net worth and income, and he will submit your figures to the rating committee for consideration.

"These are critical times. Our boys are at the front giving their lives for our country. Shall we who are at home hesitate to back up these men by loaning the government a little of our money? Let us all pull together and pull willingly, and Dane county will be one of the first to "go over the top."

Each township and city has been given an amount to raise based on the wealth, income and population of that community. Each individual within a township has been given a rating and a letter sent to the individual indicates the amount expected in order to raise the entire amount on the bases of wealth and income, as fixed by the rating committee.

CHICAGO — There are 4,500 cases of Spanish influenza at the Great Lakes naval training station, Captain Moffett, commandant said. The death rate is given as 1½ per cent.

S. A. T. C. FUNDS IS QUESTION UP TO LEGISLATURE

Special Session to Convene Tuesday Promises to be Short

No actual appropriation will be needed by the University of Wisconsin for the student army training corps. A special session of the legislature which will be convened here Tuesday noon, will be asked to pass a law giving the university the authority to use its present funds for the training of students in the students' army training corps, until such funds can be returned by the federal government. The situation with respect to the normal schools is different. The university needs no barracks, in addition to those erected, for the accommodation of the soldiers' schools. At nearly all of the normal schools barracks must be erected and all ready for occupancy early in October. The appropriation of $140,000 is necessary to erect these barracks according to information furnished by Gov. Philipp. Gov. Philipp said his message would be short and he expected to present it to the legislature Tuesday afternoon, so that the work of the session will be completed Tuesday if possible.

S. A. T. C. HOUSING PLANS COMPLETED

Arrangements for housing the S. A. T. C. men have been completed by the university. Groups of fraternity and sorority houses have been taken over. These include the Beta Theta Pi, Delta Tau Delta, Sigma Alpha Epsilon, Phi Delta Theta, Phi Delta Phi, Kappa Sigma, Acacia, Phi Kappa Psi, Alpha Sigma Phi, Phi Kappa Sigma and the Pierson and Mahoney apartments on State street.

The following fraternity houses have been taken over for the use of girl students:

Phi Gamma Delta, Theta Delta Phi, Sigma Nu, Chi Psi, Alpha Delta Phi, Alpha Tau Psi, Alpha Tau Omega and in addition the Bachelor apartments. A large house at 625 North Frances street will be used as an infirmary for the women.

The University club, girls' dormitories and the Y. M. C. A. also will be used for housing the men. Paul S. Warner will act as superintendent of houses for both sexes.

WOMEN'S LABOR LAWS OUTLINED BY COMMISSION

Industrial Department Publishes Handbook for Employers

A handbook for employers of women has been issued by the Industrial commission under the title of "Factory Equipment, Housekeeping and Supervision." This bulletin gives a statement of the women's hours of labor law, of employments prohibited to women, of the requirements of the state law regarding safety and sanitation where women are employed, and how the machines upon which women are now being employed for the first time in the iron and steel industries should be safeguarded to prevent accidents.

It is suggested that all employers employing any considerable number of women who eat their lunch upon the premises should provide a comfortable, well-ventilated lunch room. In a small establishment the only equipment required for such a lunch room is some place to heat coffee and other foods, while in a large establishment it is suggested that employers of women will find it good business to furnish food to their employes at cost.

The commission also recommends that all establishments where a considerable number of women are employed should employ a woman service worker. Such women service workers are now employed by some 30 firms in Wisconsin. They are charged with matters of shop housekeeping and study the factory equipment in its relation to the physical comfort of the employes.

CHARITY WORKERS ON STATE PROGRAM

Notable Speakers to Address Meeting at Milwaukee Oct. 8-10

Many notable workers in the fields of charity will address the Wisconsin state conference on charities at Milwaukee Oct. 8-10 under the auspices of the university extension division and state board of control. Among the speakers will be S. K. Ratcliffe, English editor and socialist; W. Frank Persons, director general of Red Cross civilian relief; Major M. E. Haggerty, Col. Harry E. Mock, office of surgeon general; Miss Julia Lathrop, children's bureau, Washington, and Judge Charles W. Hoffman, domestic relations' court, Cincinnati.

U. W. FOOTBALL PROSPECTS NOT PROMISING

Two Members of 1917 Squad Will Report to Coach Richards Today

Coach John Richards of the university football team will have two teams of last year's varsity squad and nine members of last year's freshman squad to work with today. The entire eleven have notified him that they are candidates for places on the team and will be on hand Monday to begin practice.

One of the varsity men is Mann, heavy tackle, who won his W last year, and the other is Gallun, a guard. The others are Hannon, Carlson, Hanson, Eklund, Perrin, Gray, Barr, Harley and Kirst.

Nothing has been heard from Gould, varsity halfback last year, but Coach Richards still hopes he he will show up. Boswell and Shorney, both good line prospects, are in the naval aviation corps.

Richards hopes to find a good substitute for Jacobi varsity halfback now in service, in Perrin, star freshman halfback. Another good prospect for this position is Barr.

It is expected Bunge will be back to pivot the line.

Unless some good material is found among the S. A. T. C. men, however, Wisconsin will be handicapped from the start. Other conference coaches have already begun to put their men in training.

BARRY ATHLETIC DIRECTOR AT KNOX

Former Assistant at Madison High Leaves Tonight

Sam Barry, assistant athletic coach at the Madison high school for the past two years, has been appointed athletic director at Knox college, Galesburg, Ill. He leaves Madison tonight.

The football season has already opened at Knox, the team having practiced for over a week without a coach. The first game of the season is scheduled for next Saturday. Three hundred men are enrolled in the college S. A. T. C. unit. Knox is a member of the Little Five athletic conference.

Mrs. Barry and son, Victor, will go to Galesburg as soon as Mr. Barry finds suitable living quarters. They are now making their home at 813 East Gorham street.

Mr. Barry has been employed at the state capitol for the past five years as accountant in the railroad commission and the state printing department. He is a graduate of the Madison high school and of Lawrence college, and has taken special physical training at the university under Coach T. E. Jones. He had entire charge of the track work at the high school last spring, being appointed director to take the place of George Crispin, who entered the service. He has officiated as referee and umpire in games all over the state.

The Red Sox lived up to their reputation as a "one round club" throughout the world's series exactly as they did in 1915. Bill Carrigan's champions won four of the five games played with Pat Moran's club that year and each victory was scored by the narrow margin of one run, three games ending 2-1 and another 5-4. This year the Red Sox won four of the six games with the Cubs and all the victories were by one run, the scores being 1-0, 2-1, 3-2 and 2-1. The Red Sox have won 16 world's series games in the past seven seasons, taking four from the Giants in 1912, four from the Phillies in 1915, four from the Robins in 1916 and four from the Cubs this year. Of those 16 victories seven were 2-1 games, two were 3-2 victories and four others were won by scores of 1-0, 4-3, 5-4 and 6-5.

INDOOR SPORTS - - - - - - - BY TAD

LEONARD AND LEWIS IN CHAMP BATTLE

Former Steps Out of Class to Meet Welterweight

NEW YORK—Matched to fight an eight round bout with the world's welterweight championship at stake, Ted "Kid" Lewis will meet Benny Leonard, lightweight champion, at the International league baseball park in Newark, N. J., tonight.

Leonard's title is not involved, as he is stepping out of his class in meeting Lewis, the latter having flamed the weight limit of 141 pounds when the men go on the scales at 3 o'clock. Patsy Kline of Newark has been selected referee.

If Leonard should score a knockout he would earn the unique record of having defeated the champions in three classes, including Freddie Welsh and Johnny Kilbane, within a period of 16 months.

N. A. A. U. MEET WILL END TODAY

Five Relay Races Will Feature Program at Windup

GREAT LAKES—The National A. A. U. outdoor track and field championships which have been in progress for two days were to be finished today with the relays and all around championships.

Five relay races, ranging in distance from 440 yards to four miles, are to be decided and each team contains four men. The distances are 440 yards, 880 yards, one mile, two miles and four miles.

The ten events comprising the all around championship are the 100 yard dash, shot put, running high jump, half mile walk, hammer throw, pole vault, 120 yard high hurdles, 5 pound weight, running broad jump and one mile run.

VON KOLNITZ IS MADE U. S. MAJOR

ATLANTA, GA.—Alfred H. Von Kolnitz, former major league baseball player, was among the captains at Camp Gordon who have been promoted to the majors. Von Kolnitz played with the Cincinnati National league and Chicago White Sox.

INFLUENZA EPIDEMIC POSTPONES BOUTS

MILWAUKEE—The Central Association A. A. U. championship boxing bouts, which had been scheduled here Sept. 27 and 28, have been postponed until the middle of October, because of the epidemic of Spanish influenza at service training camps, some of which have been quarantined. A number of entries had been received from the Great Lakes naval training station and army camps.

The Cubs have one thing to crow about in the last world series.

They managed to shut out the Red Sox in one of the games.

Now a shutout isn't an unusual event in a season's play. It couldn't be called an unusual occurrence in a world series. But it so happens that the Red Sox seldom has been the whitewashed team.

Thirty games had the Red Sox aggregations played in world series without being blanked before the brush was applied.

Deacon Phillippe failed to turn the trick.

Christy Mathewson, with all his cunning, couldn't prevent the Sox from scoring on him.

Rube Marquard hurled his heart out in vain eports to blank them.

Grover Alexander failed to turn the trick.

Ed Pfeffer, Sherrod Smith, Tyler and other pitchers saw at least one run spoil their efforts.

* * *

Then Jim Vaughn tried his hand the other day. Twice had the Cub hurler tackled the Beaneaters and each time he had been scored upon with little trouble. Then he tackled Barrow's team the third time and turned the Sox back without a run. The easterners didn't even threaten the home plate. Only two men got farther than first base. Both of those died on third.

George Tyler almost beat his teammate to the honor, at that. In the second game of the series Tyler let the Sox down without a tally for eight innings. Then triples by Strunk and Whiteman put across a run.

WOODMAN SMOKER

Banyan Camp, Modern Woodman of America, will hold a smoker Thursday, Sept. 26, and will have a visiting delegate from each camp in the county to arrange for a county class initiation to be held later.

Have You ENLISTED in the Army of Savers? Buy War-Savings Stamps.

Football

MINNEAPOLIS — One veteran lineman and one veteran backfield man will form the nucleus of Minnesota's 1918 football eleven. Dr. Williams, the Gopher coach, is building his team around two men this season. They are Capt. Kingsley, fullback, and Henry L. Williams, Jr., the coach's son.

Capt. Kingsley reported for practice last Monday, and his general ability as a leader has made a big hit with the small squad that reported at Northrop field for the last week. Kingsley's brother was killed playing football last fall and it was only after Coach Williams talked the matter over with the tall fellow's parents that they agreed to allow him to play.

Henry Williams, Jr., was a member of the varsity last season and is sure to hold down a center position again this year.

There are a number of likely looking men in the squad. Ernest Lampi, halfback in several games last season, may be shifted to quarter to take the place of Neil Arntson, who was expected back, but has received a second lieutenant's commission in the army. Arntson will assist in developing the backfield men for a time. Larry Doyle, sub end last year, is a good looking athlete who is liable to be shifted to a backfield position before long.

Ben Dvorak, a fairly big fellow, stands a pretty good chance of grabbing a backfield job. He got into several conference games last year, but was forced to quit because of an injury received in practice. Harlow Bierman, another of that famous line of Gopher athletes, is trying out for the backfield. If he shows any of that fighting spirit of his brother he is apt to grab off a regular berth.

INDIANA

BLOOMINGTON—Hess and Harrys, ends of the fresmah eleven last season, and Ducomb, veteran guard, have returned and will be seen in action when the Indiana squad holds its workout, Monday. The first scrimmage of the year with the freshmen team was held yesterday. Capt. Engles, veteran tackle, has not returned and is not expected, as he has just landed a lieutenantcy in the officers' training school at Ft. Sheridan. His shoes will be hard to fill.

MICHIGAN

ANN ARBOR—Ideal weather has materially aided Yost in whipping his 1918 squad into shape. Saturday's practice was devoted to a scrimmage, several individuals showing up well. Cruse has lost none of his line plunging ability, while Wetzel, a 1917 freshman, and Genebach, one of last fall's halfs, did some open field running worthy of note.

Sport followers here predict a battle royal between Walker, a reserve man, and Knode, a baseball star, for quarter this year. These men are well balanced as far as physical ability is concerned.

Sport Snaps by JACK KEENE

Jim Vaughn, Cub pitcher, stands out as one of the men in sport history who proved himself a truly great hero in defeat.

He hurled 27 innings.

Vaughn pitched three full games for the Cubs against the Red Sox in the recent world series but won only one of the three contests.

In these 27 rounds he allowed only three runs.

The Red Sox were able to obtain only 17 hits.

Vaughn fanned 17 Red Sox players.

Not a Beaneater escaped being struck out at least once.

The heavy hitters fell more than once.

Babe Ruth fanned twice.

Schang breezed three times.

Vaughn turned Strunk back four times.

Hooper struck out twice.

Hippo allowed only five passes in three games.

His opponents allowed seven walks and dished up 20 hits.

* * *

Vaughn made his big league debut 10 years ago at the Cleveland baseball park.

Jim had been burning up the Arkansas State league and Clark Griffith, then managing the Yankees, bought him, ordering him to report at once. He joined the New York team in Cleveland one day in June and Griffith, soon to resign as manager of the team, told Catcher Red Kleinow to look the big youngster over.

Without any preliminary warming up, Vaughn shot one through that almost tore Kleinow's big mitt from his hand. Kleinow held on to the ball and ran to the bench and said to Griffith:

"Come out and look at this big rube pitch. The first ball he threw me almost knocked me down."

Griffith left the dugout and sauntered out to watch while Vaughn threw another. This was as fast as the first.

"Don't you know that you are likely to throw your arm out using so much speed without gradually working up to it?" asked Griff of the big rookie.

"I haven't cut loose yet," replied Vaughn. "I am just working easy."

"Take him away, Clark," said Al Orth. "It gives me a sore arm just to watch him."

"If I had had his speed when I was pitching," replied Griffith, "they would not have been able to get a foul off me."

* * *

Vaughn pitched but two games for New York that season. He lost them both. He was sent to Scranton and thence to Macon. New York recalled him the following season and then turned him over to Macon again. He was back with the Yankees in 1910 and remained there the following season, having only fair success. Washington took him in 1912 and shipped him to Kansas City. The Cubs grabbed him in 1913 and he has been there ever since, having been quite successful the last five seasons.

* * *

Connie Mack, having kept Pitcher Scot Perry with the Athletics all season, has decided to drop his injunction suit against the national commission and the Boston Braves. The commission, it will be recalled, ordered Mack to turn Perry over to the Braves. Mack not only refused and was backed up by the American league, but also took the case into the courts. Governor Tener, as a result, declared war on the American league, but soon resigned the presidency of the National league, which refused to sustain him. The playing of the world's series and the withdrawal of the Perry suit would seem to indicate restoration of harmony among the magnates.

* * *

It has leaked out why Bobby Quinn, business manager of the Browns, wanted his team awarded both games scheduled with the Cleveland Indians the closing day of last season.

STATE HOUSE LEAGUE STARTS GAMES TUESDAY

Ten Teams Will Start Season Instead of Twelve

Tuesday night has been set as the date for the opening clashes in the Statehouse Bowling league. The league has been reduced from 12 to 10 teams because of the demand made by the war department for members. A number of new faces will be seen in the line-ups. Before the teams start rolling, Tuesday night, all will hold meetings and names and captains will be selected.

Following are the personnel of the teams:

1.—Thompson, Whittet, Cobban, Lippert, Hazelwood.
2.—Barry, Remey, Dineen, Comerford, Kubasta.
3.—Burhop, King, Donaghey, Weigle, Ruggles.
4.—Kirch, Arthur, Torkelson, Brabant, Germond.
5.—Pugh, Kurtenacker, Brandt, Haugen, Nickerson.
6.—Hirst, Johnson, Klueter, Lester, Altmeyer.
7.—Knelling, Steven, Hutchcroft, Ovitt, Fethers.
8.—Hillyer, Hubbard, Strader, Cover, F. Blumenfeld.
9.—Nordness, Mathews, Burd, Anderson, Edwards.
10.—Syftestad, Meyers, Reilley, Myrland, Orvis.

EVANS AND JONES WIN GOLF HONORS

PHILADELPHIA — Charles "Chick" Evans, Chicago, and Bobby Jones, Atlanta, Sunday defeated the best ball of Jerome Travers, New York, and Max Marston, Philadelphia, 2 up. The golf exhibition was for the benefit of the soldiers' tobacco fund and was played at the Whitemarsh Country club.

SELECTED MEN TO BE DRILLED

Local Military Officers Will Give Instruction to Those Who Apply

The course in military training to be given drafted men awaiting their call to the colors will be of the highest order and will fit them for noncommissioned officerships when the arrive at training camps, according to present plans.

Capt. L. B. Rowley has been appointed chairman of the military training board by the Madison draft board and will be assisted by the officers of the local state guard companies. These are: Co. K, Lieuts. T. E. Jones and Eugene Fuller; Co. L, Capt. James Clarke and Lieuts Atkins and Swenson.

About 1,500 of the more than 4,000 men who registered on Sept. 12 will be called for service and these will be given preliminary training by the board at the local armories every night from 7:30 to 9:30 o'clock.

The first period of training will be started tonight.

NAVAL TRAINING IS SECTION OF S. A. T. C.

University to Enroll 300 Students as Engineer and Deck Officers

A naval section of the Students' Army Training corps, consisting of 300 men of draft age who voluntarily enroll in the unit, will be established at the University of Wisconsin on Oct. 1, to train engineer and deck officers for the navy, according to an announcement received from Washington. Of the 300 men in the naval section, 150 are to be electrical or mechanical engineering students.

The university is one of two Wisconsin institutions which will have naval S. A. T. C. sections. The other is Marquette university, which will have a quota of 60 men, including no engineers.

Induction into the naval section will be carried on by a representative of the navy who will be at the university on Oct. 1. Men who are accepted, after physical examination, will be enrolled as apprentice seamen in the naval reserve force, will receive active duty pay, as well as uniform, lodging, subsistence, and tuition. They will wear the naval uniform and be subject to naval discipline.

SOLDIERS GUESTS AT A. OF C. PARTY

Merchants and Madison Women Contribute "Eats"

About 350 soldiers from the university training detachment had a great time Saturday night when they were entertained at the Woman's building by the Association of Commerce. Eats were contributed by merchants who are members of the commercial body and by about 40 Madison women. Members of the Red Cross canteen committee did the serving.

Vaudeville acts were supplied by Manager Harry Bryan of the Orpheum theater and cartooning was done my Nyron MacPherson.

LIBERTY LOAN ORATORS.

Green, Lafayette and Grant counties will be toured this week by Chief Justice Winslow and Burr W. Jones, who will deliver talks on the fourth Liberty loan.

Have You ENLISTED in the Army of Savers? Buy War-Savings Stamps.

"PEOPLES ARMY" HONOR FORMER CZAR NICHOLAS

Holds Solemn Ceremonies Over Body; to Have Special Burial

(By the Associated Press)

AMSTERDAM—Solemn ceremonies over the body of Nicholas Romanoff, former emperor of Russia, have been held at Yekuterinburg by troops of the "people's army," according to Izvestia of Moscow. The body has been located through information provided by persons acquainted with circumstances of the execution.

The work of exhumation was done in the presence of many representatives of the supreme ecclesiastical authorities of western Siberia as well as delegates of the "people's army," Cossacks and Czecho-Slovaks. The body was placed in a zinc coffin encased in Siberian cedar and placed in the cathedral at Yekaterinburg under a guard of honor composed of the commanders of the "people's party." It will be buried in a special sarcophagus at Omsk.

AMSTERDAM—This is the second time that funeral services over the body of Nicholas Romanoff have been reported. A telegram from Stockholm August 22 stated that by order of the Czecho-Slovak authorities the body of the former emperor which have been buried in a suicides' cemetery, has been exhumed and solemnly reentered on consecrated ground.

ALL TO HAVE COAL BY OCTOBER 1

County Fuel Administrator Gary Gives Assurance to Public

Despite the fact that shipments of coal to Madison are running behind schedule, every householder will be provided with at least a limited supply of coal by Oct. 1, according to George E. Gary, county fuel administrator. Every consumer will be supplied with at least 2½ tons of soft coal by the first of the month, Gary said, and after that will be supplied with the remainder of his order as fast as it can be obtained.

MILK PRICES SOAR; QUART COSTS 12 CENTS

Local milk dealers have been authorized by the food administration to increase the price of their products. Fresh milk is now retailing at 12 cents a quart and 7 cents a pint. Coffee cream has been increased 4 cents and is now 14 cents a half pint, while whipping cream is selling at 10 cents a half pint. Buttermilk is 7 cents a quart.

PHYSICIANS GIVE UP HOPE FOR BISHOP

(By the Associated Press)

ST PAUL, Minn.—Despite two sinking spells through the night, Archbishop John Ireland still clung to life this morning. After each attack he rallied somewhat but physicians hold out no hope for his living through the day.

Archbishop Ireland was "somewhat weaker" at 9 o'clock this morning, his secretary announced.

SENATORS GET GLIMPSE OF FOE WEAPONS AND EQUIPMENT USED AGAINST AMERICANS

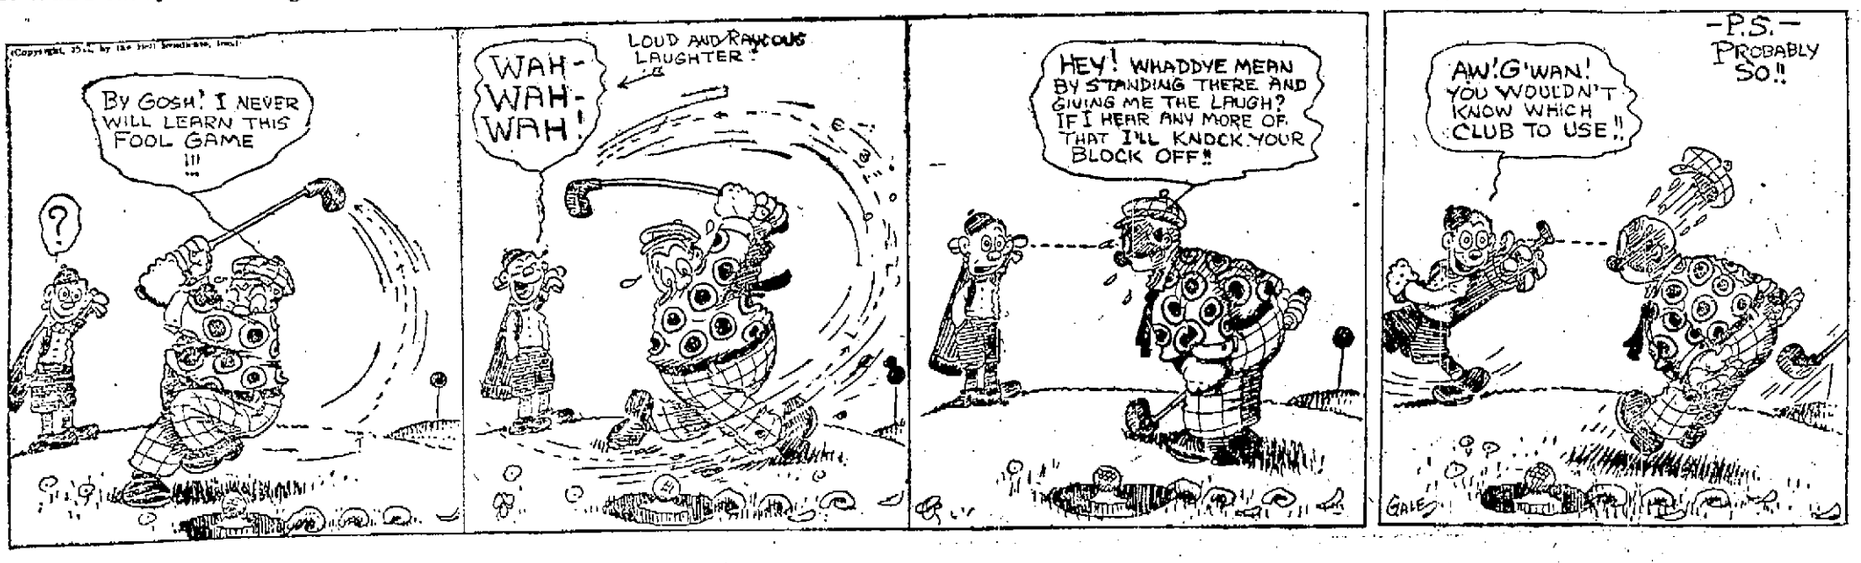

Senator Thompson exhibiting war souvenirs to his colleagues.

Senator William H. Thompson of Kansas recently returned from a visit to the battlefields in France, bringing with him a number of German weapons and pieces of equipment picked up at the front. The photo shows him exhibiting his souvenirs to a group of senators on the capitol steps at Washington. In the photo, from left to right, are Senators George E. Chamberlain of Oregon, chairman of the military affairs committee; Thompson, John J. Walsh of Montana and Morris Sheppard of Texas.

Mr. Wad's caddy was taking no chances!

The Knack of Saving Money

Some people find themselves handicapped through life because they lack the ability to save money. But even though one may not be naturally inclined to save money, the habit of saving can be successfully cultivated. Many people, through one cause or another have learned their lesson in intelligent economy. Some have had to pay dearly for their lesson, while others have been more fortunate.

If you are one of those who find it hard to save, or if you are naturally thrifty, you will find one of the easiest ways to save is to acquire the habit of reading The Capital Times want ads regularly. Those who do this keep themselves thoroughly informed on the best bargains in household goods, automobiles, machinery, miscellaneous articles, real estate and business opportunities of all kinds, besides knowing just what is being offered in houses to rent, apartments and rooms to rent, and hundreds of bits of valuable information that is so necessary to sensible saving.

BRITISH FLIER KILLED

INDIANAPOLIS — Captain J. J. Hammond of the British Royal flying corps and C. Kinder of Greenfield, Ind., a passenger were killed and Lieutenant Roy Pickett of Indianapolis was seriously injured when their airplane fell 400 feet.

GEN. BOARDMAN TO BE HONORED WITH PARADE

Patriotic Liberty Loan Demonstration Planned for Friday

Brigadier General Charles R. Boardman, Oshkosh, who was recently honorably retired from the national army after several months service in France, will be one of the principal speakers to appear in Madison to urge the Liberty loan. General Boardman is scheduled to make an address, if weather permits, at the entrance of the capitol, next Friday afternoon at 5 o'clock.

The coming of General Boardman here will be made the occasion of an impressive patriotic demonstration. A parade of all of the new registrants numbering nearly 5,000 will be held. In the parade will march the 300 mothers of Madison who have sons in the war. Nearly 1,000 persons, who intend to take part in the Liberty loan drive, commencing Saturday, Sept. 28, are also expected to participate.

Brigadier General Boardman has long been connected with the political, commercial and military life of the state; his record of service has been of the highest type of Americanism. For 16 years he was adjutant general of the state and helped in the building up of the Wisconsin National guard, whose members recently rendered distinguished service in the Fismes campaign. When the guard was sent to Waco, Texas, the question of selecting a commander was presented to the governor and he selected General Boardman. He accompanied his brigade to France and has definite first-hand information on conditions there.

DEMOCRATS WILL FIGHT TO FINISH

Reynolds Condemns Party Members Who Failed to Vote

Dane county democrats are in the fight to the finish, according to statements made Saturday at the meeting of the Dane county democratic committee held in the courthouse. In addition to the committeemen, the meeting was attended by party candidates who failed to poll enough votes to get on the ticket and who will run as independents.

The failure of the democrats to get out and vote at the last primary was condemned by E. J. Reynolds, candidate for congress.

J. J. McManamy, candidate for district attorney, was elected chairman of the county committee, and George H. Keenan was elected treasurer.

AT THE THEATRES

ORPHEUM.

The much praised Gus Edward's Song Revue opens a three nights' engagement at the Orpheum this evening. Olga Cook, the young American prima donna, and a number of capable principals, including Bobby Watson, will appear in the revue assisted by several others, not forgetting the Sixteen Edward's Beauties. The production will be staged in 10 scenes. The Orpheum management goes on record to say that this offering is the best and most pretentious one ever booked here.

"THE WANDERER."

In Tisha, the Babylonian vampire in "The Wanderer," the great biblical drama which comes to the Fuller theater for two days, Wednesday and Thursday nights, with Thursday matinee, this type is seen at its best or its worst. This young woman, the daughter of Nadina, keeper of a palace of pleasure in Jerusalem, makes love to those she loathes in order to win jewels and money and flattery.

Box office seat sale now open.

FULLER

Mary Pickford will be see nat the Fuller Theatre today and tomorrow in "How Could You, Jean?" This play is of the same calibre as many of "Our Mary's" recent successes.

In "How Could You, Jean?" Miss Pickford will be seen as an aristocratic young woman, whose income being cut off, is suddenly forced to seek practical means for making her livelihood.

STRAND.

A war picture need not be all battle and bomb, shrapnel and shooting, to be effective. This is proved by Cecil B. De Mille in his latest Artcraft special production, entitled "Till I Come Back to You," which comes to the Strand theater today.

Bryant Washburn has the male lead; Florence Vidor is the heroine and G. Butler Clonbough is the villain. Winter Hall gives a Rembrandt picture of Albert, King of the Belgians. The story concerns the efforts of the American sappers to destroy a lot of liquid fire and the failure, when to save the life of the woman he loves and half a hundred little Belgian babes in her care, an American officer cuts the wires which shall explode the ammunition

OUTLINES WAY TO PEACE IN DOCUMENT

(Continued from Page 1.)

would be recognized by all members of the league as permenently neutral and would enjoy the league's protection. All available means would be used against any federal state outside of the league which attacks a federal state or takes up arms without having applied to he arbitration court or awaited its judgment, or which takes up arms instead of accepting its judgment.

Cut Down Military.

Members of the league would mutually undertake to cut down and steadily reduce their land, naval and aerial forces, according to a fixed standard to be agreed upon.

Figures showing the annual expenditure for armament, the number of troops under arms, war materials in hand and the number of warships in commission would be communicated annually to The Hague bureau which would publish them.

The constitution provides for economic equality and for the principle of the open door, all members of the league granting each other most favored national treatment.

For the first decade after the foundation of the league each state's surplus of raw materials would be divided between the other federal states, according to a standard to be agreed upon.

Recognizes Freedom of Seas.

Members of the league would recognize freedom of the seas. Straits, canals and connecting seas, both banks of which are not in possession of the same federal state, would be internationalized and their fortifications retained, guarded by a command consisting of contingents from all the federated states.

Safety of private property on the high seas would be proclaimed and the naval prize law and blockade law abolished. Exercise of the right of blockade would be reserved to the league.

Members of the league would renounce the raising of troops in colonial territories. All states with colonies situated in Africa would be perpetually neutral states.

Defines Punishment

The third section dealing with the league's executive department provides that in event of offensives, members will proceed against the violator of the constitution, first by severance of diplomatic relations; second, complete isolation of the offender by closing frontiers to imports, exports, postal and railroad traffic, and third, in giving circumstances by blockade. The same measure would be taken against any hostile menace of a federated state from a non-member. Should the offending state cross its frontiers with hostile intent against one ore more members of the league, joint military and marine assistance would be given.

SUN PRAIRIE

Mrs. Mary Bird and Mrs. Louis Schulting and son, Louis, who have spent some time at the former's summer home here, left for their homes the first of the week. Mrs. Bird enroute home will visit her son, Victor at Pittsburg, Pa., and will spend the winter at her home in Jacksonville, Fla. The latter goes to her home at Passaic, N. Y.

Mrs. L. L. Gibbons, who spent several weeks in Chicago and other cities, returned to her home.

Mr. and Mrs. E. Norton, of Beloit, visited among friends here the first of the week.

Miss Reba Hayden, of Madison, was a guest in the home of her aunt, Mrs. William Mosel, Wednesday.

Mrs. Alex Schmidt was a Tuesday visitor of her sister, Mrs. Augustus Heamer at Madison.

Mrs. Ella Sweet, who spent several weeks with relatives at Marion, Mitchell, and Scotland, S. Dak., returned home Thursday.

Willard Thompson of the Medical unit, Yale station, New Haven, Conn., is a guest in the home of his parents, Mr. and Mrs. Geo. Thompson.

Miss Marion Mosel was a week-end guest at her aunt's, Mrs. C. B. Hayden, at Madison.

Miss Catherine Manley has accepted a position at Lake Mills, to teach in the fifth grade of the public school.

Miss Madge Cobb is attending Normal school at La Crosse.

Miss Irma Blaska is attending Milwaukee Normal.

APPOINTS TRUSTEE.

William B. Roys has been appointed trustee of the University Supply association by Charles F. Lamb, referee in bankruptcy. After furnishing a $10,000 bond he was instructed to continue the business so that the present stocks might be sold.

JAP CABINET RESIGNS

TOKIO — The Japanese cabinet headed by Count Terauchi resigned.

stored beneath the enemy supplies of the deadly chemicals.

MAJESTIC.

Robert Warwick and Elaine Hammerstine will be at the Majestic today in "The Mad Lover." Warwick plays the role of a wealthy bachelor who marries and then after marriage neglects his wife and spends his time hunting. An aunt, noticing the coldness between the young couple, arranges for the presentation of Othello as a diversion. One of the guests makes love to the wife during the play and it is this which causes the husband's jealousy. Then come the days of suspicion.

MARKETS

NEW YORK STOCKS

NEW YORK—Increased confidence in both investment and speculative quarters was encouraged by the upward movement in prices which included all classes of stocks today. Prospects of easier money conditions and a continuance of favorable war news were impelling motives for the advance. There was more general disposition to buy railroads for investment account.

The strength exhibited in the closing transactions last week was in evidence again at the opening of the stock market today. Buying was spirited in spots with a large demand for the oils and United States Steel, the latter being purchased in blocks ranging up to 3,300 shares. Most of the well known issues ruled at gains of ⅛ to 1 point with an increased absorption of the investment railroads.

Profit taking and a two point fall in American Sumatra in the early afternoon took the edge off the rise temporarily. It was noteworthy that speculation became quite dull while the inclination was downward. Later the advance was resumed with United tSates Steel and Mexican Petroleum prominent.

A WAR SAVER is a Life SAVER. Buy War-Savings Stamps!

CHICAGO GRAIN

CHICAGO—Reports that the Emperor of Germany was seriously ill and had cancelled all important engagements broke the corn market today to the lowest levels yet for current deliveries. At first values had scored a moderate advance influenced by the food administration announcement of the amount of feeding grains needed for export. The subsequent downturn received a little impetus from some revival of peace gossip. Opening prices which ranged from ½ cent off to ⅜ cent advance with October 1.47⅞ to 1.48⅛ and November 1.45¾ to 1.46 were followed by gains all around and then by a decided setback.

Oats swayed with corn. Export inquiry though, tended to keep the bears in check. After opening ¼ cent off to ⅛ cent up with October 73¼ to ⅜, the market ascended to a fair extent but reacted to slightly below Saturday's finish.

Scantiness of offerings made lard and ribs climb.

CAPTURE PRISONERS; ENEMY ACTIVE

Members of Jaeger Battalion Formerly at Metz Taken

(Continued from Page 1.)

the center of the new line across the St. Mihiel salient last night. They captured 25 prisoners.

One unit attacked Haumont itself, in sharp fighting in the village taking 20 prisoners and killing and wounding some 40 more Germans. The prisoners were members of a Jaeger battalion formerly stationed at Metz. American patrols have discovered enemy trenches and a machine gun emplacement south of Donmartin, which is in the Kriemhild line. The enemy continues work all along this front.

French Push South

PARIS — French troops yesterday and last night made notable progress in their drive for encirclement of St. Quentin. They pushed in far on the south and captured the villages Fort of Vendeuil, close to the Oise, nine miles southeast of St. Quentin today's announcement shows.

From the Vendeuil the French pushed on to the river. North of Ly Fontaine they penetrated the wood in the direction of Hinacourt.

Serbians Cut Railway.

LONDON—Serbian troops have cut the main railway line between Uskub and Saloniki and are on the western bank of the Vardar river, according to the Serbian official statement of Sunday.

West of the Vardar the Serbians have cut the railway line to Prilep which is the main line of German communication in this region.

Serbian infantry units now are in the mountainous regions and advanced 25 miles in one day. The number of prisoners and the amount of war materials captured increases daily.

The neighboring German and Bulgarian sectors now are feeling the loss of their communication lines. Enemy reinforcements have been forced to retreat.

Since September 15 the Serbians have advanced 40 miles.

British Take Trenches

LONDON — British forces last night attacked the German lines between St. Quentin and Cambrai, opposite Le Catelet, making progress in the vicinity of Tombois farm and capturing a group of trenches and strong points on the ridge northwest of Vendhuile, Field Marshal Haig announced in his official statement today.

Another enemy strong point near the Ronssoy-Benay road, just to the south, also was taken by the British. A successful local attack was carried out south of Villers-Goislain.

German troops late yesterday counter attacked in the vicinity of Gillemont farm on the front between Cambrai and St. Quentin to the west of Le Catelet. Field Marshal Haig announces the repulse of the enemy with heavy losses.

Northwest of St. Quentin the Germans penetrated the British line at one point at Berthaucourt during an attack. The position was re-established by a counter attack.

On the front between Arras and Lens there was a continuation of the advance movement in the neighborhood of Gavrille. Southeast of that village English troops made progress on a front of three-quarters of a mile.

FOOD PRICES GO HIGHER IN AUGUST

Two Percent Increase is Shown Over Month of July

15 PERCENT IN YEAR

Cost of Eating on Climb, U. S. Bureau Reports

WASHINGTON—The cost of food is still going up, according to figures made public today by the department of labor. Prices rose 2 percent in August over July, and in the last year the cost of eating has gone up 15 percent and in five years 70 percent.

The food administration in a detailed statement seeks to minimize the upward trend, citing figures to show that from the spring of 1917 to the spring of 1918 the increase in wholesale prices of food averaged only 3½ percent.

Here Are Figures.

"Retail prices of food as reported to the United States bureau of labor statistics for August, 1918, show, for the United States, for all articles combined an increase of 2 percent as compared with July, 1918," says the labor department bulletin. "The prices of eight articles decreased. Fresh beef declined in price during the month. Chuck roast and plate boiling beef decreased 3 per cent each; rib roast and round steak decreased 2 percent each, and sirloin decreased 1 percent. Slight decreases were also shown in ham, lamb and navy beans. Pork chops and eggs show the greatest increases. Bread, potatoes and coffee did not change in price in the month.

"The increase in the price of all articles of food combined in August, 1918, as compared with August, 1917, was 15 percent. In this period hens show the greatest increase, or 38 percent; chuck roast increased 30 percent; round steak, 29 percent; plate boiling beef, and bacon, 26 percent higher than a year ago. Beans, flour, sugar, bread and coffee were cheaper than in August, 1917.

70 Percent in Five Years.

"For the five year period, August 15, 1913, to August 15, 1918, all food combined showed an increase in price of 70 percent. All the 17 articles for which prices have been obtained for five years show increases of 52 percent and over. Four articles increased over 100 percent, as follows: Meal, 127 percent; lard and flour, 106 percent each, and potatoes, 105 percent."

The food administration says that "these increases have been greatly overestimated by laying too much emphasis on special cases. Figures show that during the last 12 months there has been an increase in the national food bill per quarter from $2,568,600,904 to $2,693,751,871, or 3½ percent. While this is the whole nation's expenditures at the wholesale prices and thus closely indicates the national trend, it does not follow that there are no local variations.

Difference in Prices

"In those sections where there has been a great local increase in population there has been a disturbance of distribution, and prices have increased to a larger per cent. On the other hand, there are corresponding sections of the community where actual decreases or no increase have taken place.

"The cost of rent, clothing, transportation, and other items of living have advanced several times as much as the aggregate increase in the cost of foodstuffs. There has been more than a 35 per cent increase in prices paid to the farmer, but also a reduction of speculation and profiteering and narrowed margins between farmers and wholesale prices under food regulations."

Wholesale price tables are submitted showing that from the second quarter of 1917 to the second quarter of 1918 the percentage of increase was 9.8 in breadstuffs, 30.5 in fruits, 54.3 in oils and nuts, 20.8 in meats, 16.5 in poultry and eggs and 6.3 in dairy products, while there were decreases of 63.1 percent in vegetables, 7.4 in sugar, and 6.0 in fish.

FIRE BURNS BARN AND ALL CONTENTS

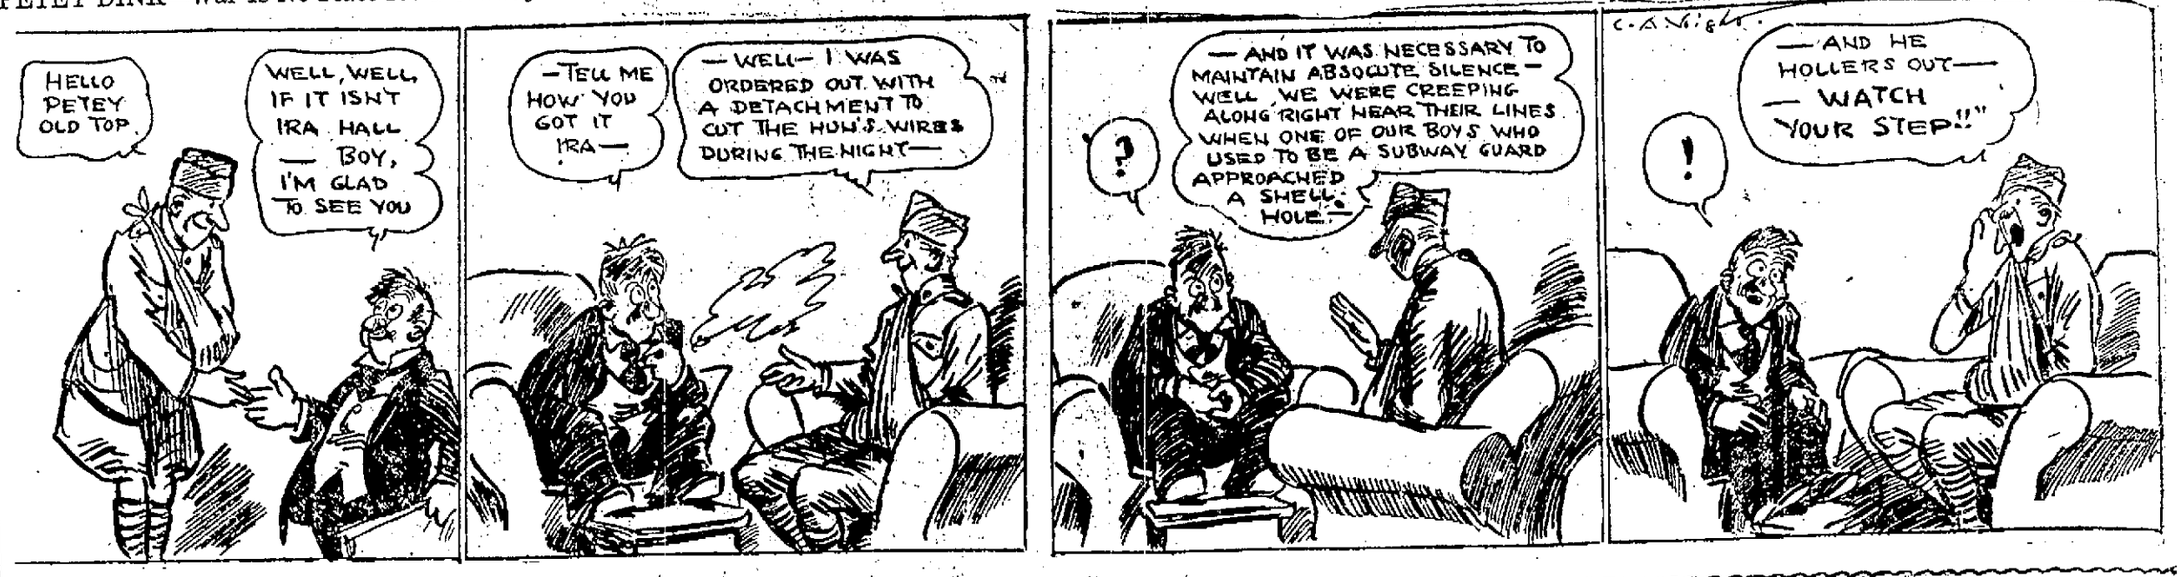

Hay, Oats, Silo, Machines, Automobile, Bring Estimated Loss to $5,000

Fire which resulted in an estimated loss of at least $5,000 completely destroyed the barn and its contents on the Henry Miller farm, east of East Bristol, Friday. The 80 foot long barn, a loftful of hay, about 800 bushels of oats, some farm machinery, an automobile, a silo, which was being filled with silage at the time, and a stock shed connected with the barn, were burned.

WASHINGTON— The navy is to have an average allotment of 15,000 men monthly while the marine corps will get 5,000 monthly for four months and 1,500 each month thereafter, Secretary Daniels announced.

LARS OHNSTAD, COUNTY PIONEER, SUCCUMBS

Deceased Was One of Founders of Norway Grove Church

One of Dane county's pioneers passed away last week in the death of Lars Rognvald Ohnstad of De Forest.

Lars Rognvald Ohnstad was born June 6th, 1827 in the city of Christiania, Norway.

He lived with his parents in Sogn, Norway, until the age of eighteen, having his nineteenth birthday on board ship enroute to America.

He landed in New York in the year of 1846 the same year he came to Chicago, which was then a village having but one brick building, "The Sherman House". Here he worked at whittling shingles, which at that time was done by hand, and also studied the English language. In course of time Erick Engesether, Sr., who came to Chicago to meet him, and brought him by oxen and the old fashioned Kubberuddla with wheels made from a log, to Kaskeland where the young Ohnstad made his home until he located on the farm now owned by Severt Engesether.

At that time it was necessary to go to Milwaukee to buy flour and other provisions. This trip the deceased made with oxen. He also made several trips to Chicago on foot, and to St. Louis with rafts of logs from the Pinery, each time walking back.

On November 6th, 1863, at Spring Prairie, Wis., he was married to Kori Jerdee, by Rev. H. A. Preus. (The bridal carriage was drawn by two teams of horses, tandem style)

To this union was born thirteen children, of whom nine are living. In 1903 Mr. and Mrs. Ohnstad retired from the farm and moved to Morrisonville, later to Minneapolis, Minnesota, where in 1908 Mrs. Ohnstad passed away at the age of 62 years.

Since then the deceased has made his home chiefly with his daughter, Mrs. L. L. Farness of De Forest and his son Lars Ohnstad of Montfort, Wis.

He has unitl very recently been blessed with health and activity, enabling him to visit among his children and friends.

He is survived by his children, Thorben Ohnstad of Madison, Dr. Jens Ohnstad, Mc Intosh, Minn., Lars J. of Montfort, Wis., Mrs. L. L. Farness, Morrisonville, Wis, Joel O., Duxbury, Minn., Michas Ohnstad, Minneapolis, Minn., Dr. J. L. Ohnstad, De Forest, Wis., Mrs. G. J. Keller, Minneapolis, Minn., B. M. Ohnstad, Chicago, Ill.

His brothers, Ole Ohnstad, Albert Lea, Minn.; Lars Ohnstad, Buffalo Center, Iowa; and a sister, Mrs. Hari Husebo, Appleton, Minn.

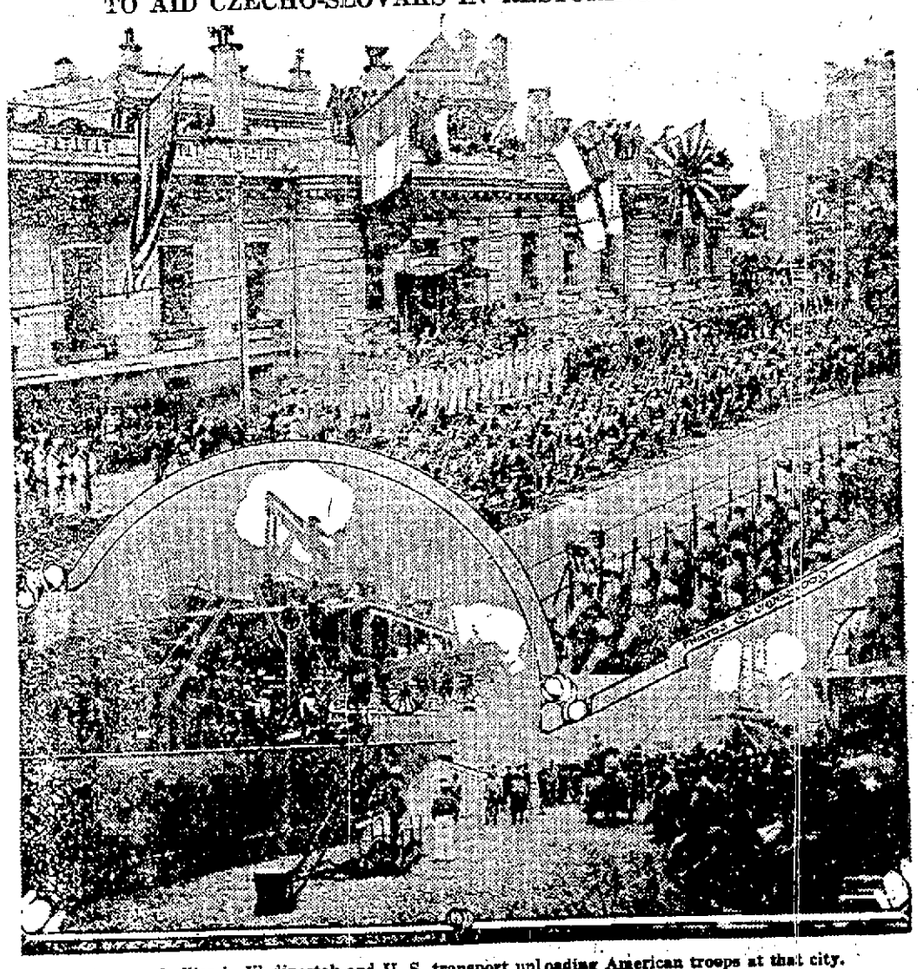

He has nine children, twenty-nine grand children and three great grand children.

He was one of the founders of the Norway Grave church, and remained an active member of the same until his death. Faithful and true in the fulfillment of his duties in home and church and state he won a warm place in the hearts of all who knew him. Blessed be his memory.

RED CROSS EXPENDITURES

WASHINGTON— American Red Cross expenditures in France for work done among the civilian population since the war began, together with appropriations to next January, total more than $70,000,000.

FIRST CONTINGENT OF U. S. TROOPS LANDS AT VLADIVOSTOK TO AID CZECHO-SLOVAKS IN RESTORING ORDER IN RUSSIA

Parade of allies in Vladivostok and U. S. transport unloading American troops at that city.

The first contingent of American troops has arrived in Vladivostok to join the other allied forces in helping the Czecho-Slovaks in restoring order in the Russian empire and putting Russia back in the war against Germany. The lower picture shows the U. S. army transport "Warren," which carried part of the troops to the Siberian port, unloading army trucks which will transport supplies and ammunition for the troops. The upper picture shows American officers and American marines and sailors reviewing a parade of the allies in the streets of Vladivostok. General William S. Graves is the commander of the American forces in Siberia.

FLOYD GIBBONS TO BRING WAR MESSAGE HERE

Tribune Correspondent in France to Speak at Fuller Oct. 1

"American fighting men along the western front have learned one thing. Stories that the German fighters are super-human men are all bunk. The Germans can be licked."

This is part of the message that Floyd Gibbons, Chicago Tribune war correspondent, who was wounded three times at Chateau-Thierry, June 6, and afterwards awarded the Croix de Guerre with palms, and who is to lecture at the Fuller, Tuesday, October, 1, matinee and night, brings back.

Mr. Gibbons has been with the American army since the day it landed in France. He has spent months with it during its training period. He was with the first American battery of artillery to hurl the shell into the Boche's ranks. He went into the front trenches with the first American division. He has seen those same American fighting men whip those so-called super-human fighters.

The returned war correspondent is here on a leave of absence while he convalescences from his wounds. He is devoting part of his time to a hurried trip through the country, carrying personal messages from American soldiers by the hundreds to their relatives and friends here and telling first hand stories of the things he actually saw.

He brings with him as his most prized possession the following letter written to him by Marshal Foch:

"I understand that you are going to the United States to give lectures on what you have seen on the French front.

"No one is more qualified than you to do this after your brilliant conduct in the Bois-de Belleau.

"The American army has proved itself to be magnificent in spirit in its real worth, and invigorant; it has contributed largely to our success. If you can thus be the echo of my opinion, I am sure you will serve a good purpose."

Mr. Gibbons on the morning of June 6 went "over the top" at Chateau-Thierry with the United States marines. Major Benjamin Barry of the marines was with him.

A German machine gun bullet laid Major Barry low after he had covered a few yards of the ground. Gibbons sprang from behind the shelter of the tree to go to the wounded officers' aid. A machine bullet hit him in the left arm. He never paused. A second bullet caught him in the shoulder, knocking him down. On his hands and knees he kept on and when within a few feet of Major Berry, a third bullet shot out his left eye.

For three hours Gibbons lay in the field, a shower of bullets flying over him. With darkness he crawled two kilometers to a dressing station. Then he traveled all night by ambulance and eventually reached the American hospital at Paris. In ten days he was up and dressed and on July 4, less than a month after, he was back at the front.

MT. HOREB

Gives Birthday Party

Miss Alice Dahlen entertained the Misses A. Gesteland, Esther Holum, Rosetta Olson, Alice Balken, Lorraine Holum, Bertha Hegan, Viola Ayen, Crystal Kittelson Effie Holum and Dorothy Rennebohm of Madison at her home, on Thursday evening, the occasion being in honor of her birthday.

Personal Notes

William Benson of Northfield, Minn., has been spending the week with his mother, Mrs. Carrie Benson.

Miss Ella Matson of Minneapolis, came here Tuesday for an extended visit with her mother, Mrs. Jane Matson.

Frank Lincicum, who is stationed at Camp Hancock, Georgia, visited friends here this week. Mr. Lincicum was formerly employed in Carl Offerdahl's barber shop.

John Peterson returned home Tuesday from a visit with relatives in Beloit.

Mr. and Mrs. John Miller of Duluth are guests of the latter's parents, Mr. and Mrs. E. A. Holum.

Miss Florence Ward of Barneveld has been spending the week here with friends.

A recent guest of Mr. and Mrs. R. F. Lewis was the former's father, C. A. Lewis of Sun Prairie.

Misses Esther Hagesæth, Lillian Massey and Myrtle Johnson have gone to Whitewater to attend the Whitewater normal.

Mr. and Mrs. Jake Scheidiekr announce the birth of a boy, Sept. 12. A daughter arrived at the home of Mr. and Mrs. Thomas Connors, Sept. 18.

Mrs. F. O. Rennebohn and daughter, Dorothy, of Madison have been visiting with the former's parents Mr. and Mrs. J. N. Dahlen.

Della Hendrickson and Haze Swenson went to Stevens Point Tuesday to attend normal school.

Mrs. M. Holum has recently visited with Mr. and Mrs. Alfred Benson of Madison.

SAYS GERMANY WILL BECOME A REPUBLIC

Rev. T. B. Johnson Urges Congregation to Buy Bonds

Predicting that the outcome of the present war will be the United States of Germany, with a president and a congress, and a government organization similar to that in the United States of America, Father T. B. Johnson of St. Raphael's Catholic church, in a sermon Sunday morning urged the congregation to back up the fourth liberty loan.

"Hanging on the walls of this church is a service flag with over 200 stars, seven of which have already turned to gold," declared Father Johnson. "Seven of the boys of this congregation have made the supreme sacrifice. The other men are ready if need be. They are our boys and we must follow them clear through in their struggle to bring peace to the troubled world. We must sacrifice and save. Money must be furnished to back up these boys. You must buy liberty bonds —buy in amounts that you will know you have made a real sacrifice. This war must be won. These boys will fight on. Out of it will come a United States of Germany with a president and a congress responsible to the people. Peace will come with autocracy defeated."

RATE JURISDICTION RULED ON BY JUDGE

COLUMBUS, O.— Jurisdiction of the federal courts to decide controversies between municipalities and street railway companies operating under franchise is denied by Federal Judge Westenhaver of Cleveland in a decision handed down here today.

30 CARLOADS BLACK WALNUTS AVAILABLE

The Association of Commerce has notified the government that about 30 carloads of black walnut may be purchased from the farmers in this district. The wood is needed for gun stocks and airplane propellers.
